247th

ANNUAL REPORT

WALPOLE, MASSACHUSETTS

1971

This 247th Annual Town Report was prepared under the direction of the Town Report Committee appointed by the Board of Selectmen: Willis D. McLean, chairman; Mrs. Dominic Rignanes, secretary.

(Front Cover)

Morse's Tavern

Built in the early 1800's, it stood on the site where the present Bird & Son, inc. hospital is located, known to long-time residents as the "Triangle Building", East Walpole.

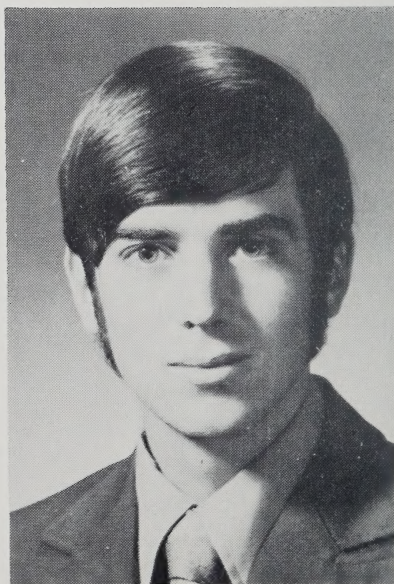

Not only was Morse's Tavern a social center for the community—it had the largest hall between Dedham and Wrentham—in later years it was used for commercial purposes.

In 1820, the first Post Office in Walpole was located in the Tavern with David Morse, the Tavern's Inn Keeper, being appointed the first Postmaster. Mail was received by stage coach and delivered to various parts of the town.

The Tavern was torn down in 1903.

(Data supplied by Walpole Historical Society)

This year's cover was done by Kevin F. Smith, a senior at Walpole High School and a member of its Arts Class. He plans to attend college next year and pursue a teaching career. He is the son of Mr. and Mrs. A. Eugene Smith, 8 Fairmount Street, Walpole.

Your

Town

19 Miles South of Boston

26 Miles North of Providence

On Routes 1, 1A, 27, and 95

Municipally Owned Water Plant and Sewer System

GENERAL INTEREST

Area—Approximately 21.09 square miles

Elevation—200 feet above sea level

Settled—1659

Incorporated as a Town—1724

Population—18,076

RETIRES GAVEL—Walpole Selectman Richard H. Holman, left, former chairman of that board, is presented with inscribed gavel by Joseph L. Wissman who was elected new chairman. Holman was named clerk.

Board of Selectmen

JOSEPH L. WISSMAN, *Chairman*

* RICHARD H. HOLMAN, *Clerk* through June 4, 1971

DAVID E. PERKINS, *Clerk* from June 10, 1971

ELEANOR N. JOHNSON

ROY G. FISHER

* Resigned June 4, 1971; BERNARD J. DUFFY, JR., Elected July 28, 1971

		Budget	Expenditures
1960	5 Selectmen and Full Time Clerk	\$5,923.60	\$5,694.10
1969	5 Selectmen and Full Time Clerk	8,542.83	7,092.73
1970	5 Selectmen and Full Time Clerk	10,108.00	9,933.54
1971	5 Selectmen and Full Time Clerk	10,945.00	10,859.76

The Excess and Deficiency Account balance at the close of the year 1971 was \$778,073.77.

The Board of Selectmen experienced a very busy year that included regularly scheduled meetings, special conferences with elected and appointed town officials and meetings with County and State officials.

As the result of a study and investigation it was deemed advisable that assistance be given to the Board of Health, and, in January, an advisory board was appointed. Margaret M. Ginley, Frank Kelley and Edward A. Sweeney were appointed to this Board and in June the Selectmen also appointed Ferial R. Morrisette as Health Agent.

After eight years as a member of the board, Richard H. Holman resigned on June 4th and Bernard J. Duffy, Jr., became a member of the board as the result of a Special Election held July 28, 1971.

On July 2, 1971 James F. Fitzgibbons retired after serving 18 years as Veterans Director-Agent. He was replaced by Richard J. Carberry.

During the year, six employees were hired under the Emergency Employment Act of 1971 to work in various departments, for a two year period. This Act, Federally financed, was established to help the unemployed and the municipalities. It is working out very well in Walpole.

Alfred B. Corey was appointed Inspector of Weights and Measures as of October 1, 1971, replacing Frederick K. Brown who had been Acting Inspector.

A committee was appointed to plan the 250th anniversary of the town which will be celebrated in 1974. Edward J. Delaney accepted the General Chairmanship and James Fitzgerald, Richard M. Cleveland, Willis D. McLean, Lawrence Hewins, Jr., Edward A. Lamore and J. Chauncey Smith, Jr. were also appointed to this committee. We sincerely hope that all of the citizens of the town will participate in making this a most memorable occasion.

Through the generosity of Philip K. Allen and Anne Allen Conklin, on December 2nd, the Selectmen gratefully accepted a forty acre parcel off Washington Street at Stone Street to be known as "Allen's Grant". The Board expressed appreciation to the Allan family for this land and the many other services given to the town through the years.

John P. Mogan, after serving as Town Administrator for four years, tendered his resignation to the Board, effective December 31st, to accept a similar position in the Town of Norwood.

Hatch Act hearings were held during the year. The problem of flood control and encroachment on the wetlands is of prime consideration to all.

The Selectmen express their appreciation for the cooperation and assistance of all elected and appointed officials, and to those citizens who gave so much to make Walpole a better community to live in.

Town Counsel

ALPHONSE W. QUERY, JR.

The year 1971 will be best remembered, legally, as the year in which Walpole commenced conducting Town Meetings under its Representative Town Meeting form of government. Credit for the fact that these meetings went smoothly, should be given to the Representative Town Meeting members themselves who proved to be a very dedicated, conscientious group of interested citizens.

We pursued litigation in the Wrentham District Court, Norfolk County Superior Court, Suffolk County Superior Court and the Massachusetts Supreme Judicial Court. I am pleased to report to the Town that we have no litigation pending against the Town wherein there might be financial exposure of any consequence.

As is customary, we assisted the elected and appointed officials and various boards and committees of the Town in the conduct of their municipal activities.

During the course of the year, we developed further our relationship with new areas of law as regards air pollution, ecology, labor injunctions, the Presidential freeze and cluster zoning.

During the course of any year, Town Counsel must make rulings which are not always favorably received, so it is with deep gratitude that I extend my appreciation to all officials, committees, employees and citizens at large for their kind cooperation, understanding and assistance during the past year.

JOHN P. MOGAN

Town Administrator

from October 1, 1967

to December 31, 1971

Town Administrator

JOHN P. MOGAN, *Town Administrator*

It is with mixed emotions that I submit this, my last report as Town Administrator.

Good fortune has allowed me to serve the Town of Walpole from October 1, 1967 to January 1, 1972 during a period of progress, growth, and accomplishment.

The year 1971 saw the completion of 56,220 feet of water mains and 9,540 feet of sanitary sewers also many miles of highway improvement which started four years ago.

My experience in working for Walpole has been most pleasant because of the excellence of the townspeople, and the high caliber of the town employees with whom I've had the opportunity to work.

Public Works Department

HAROLD E. WILLIS, *Superintendent*

The department has covered all work of the Highway, Water, Sewer, and Park Departments and the Landfill operations.

Snow and ice control is also handled by this department, as are training and personnel problems.

Stanley Upton retired from the Water Department and will be missed by this Department as well as the Water Department.

Reports from the various departments follow:

BRUCE LEWIS

Engineer

from May 1, 1961
to November 30, 1971

Street drains were repaired on: Willow Street, Washington Street, Marston Road, West Street and June Street.

Catch basins were cleaned on all streets and at all schools. All streets and schools were swept. All sewer and water trenches were patched. Sign crews installed and repaired many street signs. Many fences were painted and repaired.

The following graveled streets were graded: Davis Street, Victory Road, Alton Street and Turco Drive.

Public Works Garage

BENNETT GOVE, *Foreman*

Maintenance, lubrication and repairs were performed on all 55 DPW vehicles, including Park, Building Repair, Water, Administrative, Engineering, Highway and Civil Defense Units.

Engine overhauls were done on one vehicle, a valve job was done on one auxiliary engine and one ditch pump. Transmission overhauls were performed on two units and a differential overhaul on one. One front end was completely rebuilt and seven brake jobs were done.

All portable generators, compressors, ditch pumps, tractor lawn mowers and attachments were maintained and lubed.

Welding and repairs were made on all ice control units, and cutting

STANLEY UPTON
Pumping Station Operator
from May 31, 1949
to January 31, 1971

edges were installed on all snow plows, including sidewalk tractors and loaders.

Sand blasting and painting was done to the three sander units and the snow plows.

The sanitary landfill Caterpillar tractor was lubed and maintained and repaired.

The John Turco and Washington Street No. 2 Pumping Stations diesel and natural gas engines were maintained weekly, along with the auxiliary equipment.

All the equipment purchased in 1971 was inspected and checked to Town's specifications and serviced for use.

Gallons pumped at Mine Brook Station No. 1	124,928,000
Gallons pumped at Mine Brook Station No. 2	85,516,000
Total water pumped	831,593,000
Smallest day pumped: January 1, 1971	962,000
Largest day pumped: June 18, 1971	3,736,000

Smallest month pumped: January	62,279,000
Largest month pumped: July	82,634,000
Increase in water pumped over 1970	4,399,000
Average daily consumption	2,278,000
Water services renewed	15
New services added to system	55
Water mains worked on by contractors in feet	40,497
New hydrants added to system	23
Dead end water mains eliminated	13

Water meters were read and leaking and stopped were changed.
Plugged sewers were rodded and maintained.

Park Department

HERBERT ROBERTS, *Foreman*

The Dutch Elm Trees Program continued. Diseased trees were removed. All diseased sugar maple trees were removed.

All Town lawns and Athletic fields at schools and Public Buildings were fertilized and maintained.

Brush and weeds were cut along all roadsides and at fire lanes in Town Forest.

Trees were planted. Leaves were picked up.

Town Landfill was operated and Town owned cemeteries were maintained.

Schools were plowed of snow and removed. Sanding of walks at all Public Buildings was maintained.

Memorial Pond was plowed and ice was kept in condition for skating.

Swimming pools were cleaned, painted and maintained.

Building Repairs

JAMES CLERICI, *Foreman*

Summary of work performed during the year:

Bird School — Painted 5 rooms and office, replaced window shades, siliconed part of brick work, installed electrical outlets in library, repaired ceiling in Room 8.

Boyden School — Enlarged parking lot area, replaced cement steps on old building, replaced water piping in old section, added 8 electrical outlets in library, siliconed part of brick work, replaced conductor pipes with heavy galvanized pipe, painted entire exterior of school.

East Junior High — Replaced some auditorium chairs, installed shelving in 3 rooms, siliconed part of brick work, replaced blinds with shades in 2 rooms.

New Fisher School — Replaced chalk boards in 4 rooms, painted walls and refinished woodwork in 3 rooms, installed shelving in main storage room, replaced shades in auditorium, siliconed part of brick work in old section.

Old Fisher School — Painted entire exterior, siliconed part of brick work, added steel shelves, installed grilles on windows in one room for security.

Senior High School — Replaced chalk boards in 5 rooms, replaced window shades in 10 rooms, painted 11 classrooms, pitt glazed boys' room (paint), lights installed in auditorium, shelves for several rooms, electrical outlets installed in library, installed sink in closet section A, replaced many steam traps, reset flag pole.

Old Post Road School — Added 8 electrical outlets in library, painted 6 classrooms, siliconed part of brick work.

Plimpton School — All conductor pipes replaced with heavy duty galvanized pipe, added hot top to front and side areas, installed wire screens east windows, painted teachers' room and kitchen, pitt glazed boys' and girls' rooms, installed slop sink in boys' room, installed shades in 6 rooms.

New Stone School — Sanded and refinished all inside doors, painted 7 classrooms and corridor, built outdoor rubbish container, installed kick plates on all outside doors, painted ceiling in washroom (cafeteria).

Old Stone School — replaced shades in several rooms, cured drainage problem by installing hot top west end of building, installed 6 electrical outlets in library, painted stairwell leading to teachers' room.

West Junior High School — Installed sinks in Rooms 203 and 205, installed air conditioner in office, pitt glazed (painted) corridor near boys' locker room and 4 stairwells, installed lockers for physical education instructors and coaches.

School Administration Building — Built and installed canopy over front door, installed shelving in basement.

Blackburn Memorial — Painted inside main hall, replaced one down-spout and conductor pipe, installed railing center front steps, refinished main floor.

Town Hall — Rebuilt chimney, installed carpet in Town Clerk's Office, siliconed part of brick work, painted some interior.

Public Works Garage — Repaired old roofs, painted doors and woodwork (exterior).

Center Fire and Police Station — Replaced Police sign, siliconed part of brick work.

East Walpole Fire and Police Station — Siliconed part of brick work.

South Walpole Fire Station — Replaced flat roof in rear, painted interior wall (rear).

Center Library — Siliconed part of brick work, painted ceiling in stack area, installed picture moulding in reading and meeting rooms, installed one electrical outlet.

East Library — Installed new bicycle rack, refinished table tops.

North Library — Painted part of interior.

Miscellaneous — Inspected and recharged all fire extinguishers, made a complete survey of all roofs on all buildings, replaced all broken glass in various buildings, repaired all door checks and doors, made bookcases, set up and took down all voting booths, set up and took down Bloodmobile, re-keyed locks, repaired all broken locks, spindles and handles in various buildings.

Wire Inspector

CHESTER L. DONNELL, *Inspector*

CHARLES GEORGE, *Assistant Inspector*

During the year, 902 inspections were made.

All complaints concerning electrical installations were investigated and taken care of.

After the storm Doria, all outside electrical services on the houses in town were checked, and damage reported to the power company.

Plumbing Inspector

ROBERT J. HEAVEY, *Inspector*

During the year, 335 plumbing permits were issued.

All complaints were investigated.

Milk Inspector

GEORGE E. YETMAN, *Inspector*

SUMMARY OF ACTIVITIES

ANALYSIS AND BACTERIA COUNTS

No. of Samples Analyzed	168
Antibiotic Residual Assays	27

INSPECTIONS MADE

Farm and Dairy	33
Stores	75

LICENSES ISSUED

Stores and Restaurants	47
Vehicles	8
Oleomargarine	18
Pasteurization	1

HIGH BACTERIA COUNTS

Samples Found 10

All applications to sell milk, cream, oleomargarine and to pasteurize in Walpole were processed and licenses issued after refrigeration was checked and standards met in stores, restaurants and processing plants. Butterfat tests and bacteriological tests were made on samples from all companies selling milk and cream in Walpole. Test results were reported to all dealers, recommendations made and records were kept. One pasteurization plant was inspected and licensed. Complaints were investigated and reports made to the companies concerned. Antibiotic assays for residue in milk samples was continued on a spot check basis.

Inspector of Animals

FRANCIS X. MAGUIRE, V.M.D., *Animal Inspector*

All premises where livestock is kept have been visited and inspected and comply with the regulations of the Division of Livestock Disease Control.

All new animals from outside the state, entering herds, have been inspected.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of Rabies were found.

Health Agent

FERIAL R. MORRISSETTE, *Health Agent*

The Health Agent, Ferial R. Morrissette, was employed on a half-day basis on Tuesdays and Fridays from January 1 through May 31 and Monday through Friday from June 1 through December 31.

The following services were performed by the Health Agent during 1971:

Food Service Inspections	137
Store Inspections	31
Bakery Inspections	4
Consultations Relative to Local Sewage Disposal	115
Percolation Tests and Applications Approved for Disposal works	
Construction	76
Sanitary Surveys of Sub-Division Proposals	14
Water Samples Obtained for Possible Sewage Contamination	9
Investigations of Air Contamination Such as Dirt, Smoke, and Odors	10
Investigations of Illegal Rubbish and Garbage Storage	31
Investigations of Overflowing Sewage Disposal	30
Backfill Approvals—Sewage Disposal	82
Legal Notices Sent Relative to Nuisance Abatement	11
Inspection of Stores Relative to Discontinuance of Use of DDT	14

In Memoriam

DR. JOHN J. HAYES, JR.

Died December 12, 1971

Town Health Officer

April, 1962 to

April 1965

Health Officer

HAROLD M. GRODEN, M.D.

Walpole, I am happy to report, has had no serious health problems, except for minor sanitary problems which indeed befall the simplest complexes of human habitation.

In case anyone should consider that such is an accident of nature or a fortuitous happenstance of unrelated factors, be assured that it is the consequence of vigilance, dedication, providential action, and the devotion of knowledgeable, educated, devoted specialists in public health whose only reward is the satisfaction of a job well done.

The visiting nurses, the school nurses, volunteer nurses, have given their time without stint. These dedicated women have been an inspiration in their selfless offerings of their invaluable skills and with a cheerfulness that would thaw the most resistant heart.

We have maintained our continuing program of immunization of school children and the elderly (influenza shots). However, the response of parents of pre-school youngsters has been baffling, especially since it was offered without charge. If these derelict fathers and mothers saw a child with brain damage caused by post-measles encephalitis, it might conceivably alter their indifference.

Compulsory vaccination against small-pox will undoubtedly no longer continue. I have spoken to Dr. Nicholas Fiumara, Commissioner of Communicable Diseases for the Commonwealth, and he has assured me that a

bill will be introduced in the Legislature this year negating the practice. This, I believe will also apply to overseas travel, except for a few countries where the disease is endemic.

From my constant observation I can say that I do not feel that the use of so-called "hard drugs"—heroin, LSD, amphetamines and barbiturates—is a serious problem in Walpole. Let us not be lulled into the trap of complacency, however, as it must be considered a constant threat.

The healthiest bulwark against such vicious inroads is the constant effort to interest our youth in sport. I hardly need to point out the successes of the various athletic groups in our town, but it is essential that it be extended to include all age groups, and most importantly, all children, not just the naturally endowed. Winning is important, but participation is vital.

The frightening blight of venereal disease poses a continual threat to the health and sanity of our young, and not so young. Its wellspring is sexual promiscuity, and its end is physical devastation, mental and moral. Do not be deceived into considering that gonorrhea and syphilis can be cured by a "shot" of penicillin. As a gynecologist I can tell you that the symptoms of these diseases, especially in the female, may be unrecognized until their frightful ravages are made manifest.

I should like to commend the Police Department, under the direction of Chief C. William Haggblom, and conducted by Edward Peatfield and fellow officers Joseph Honohan and Leonard Jackson, for the successful completion of a first aid course which graduated twenty-eight citizens, to whom I extend my admiration for selflessness.

Norfolk County Mosquito Control Project

ALBERT W. HEUSER, *Superintendent*

Listed below are the activities of the Project during the year:

Aerial larvicide	1900 acres
Misting from trucks	4215 acres
Backpack spraying	5 acres
Winter pre-hatch dusting	63 acres
Drainage ditches cleaned	3515 feet
Brush cut	750 feet
Culverts cleaned	9 culverts
Catch basins treated	322 basins

Dog Officer

NORMAN F. PAGE, *Dog Officer*

Total dogs licensed to date	1740
Complaints received and answered	118
Stray dogs picked up	46
Stray dogs returned to owners	13

Dogs reported lost	181
Warnings sent out to owners of unlicensed dogs	1357
Dog bites	123
Citations issued	78
Dogs struck by motor vehicles	
Dogs killed by motor vehicles	
Total calls received and answered	797

Recreation Program

DOMINIC A. BALDASSARI, *Director*

The recreation programs during 1971 have provided varied activities for all age groups. The programs conducted throughout the winter months included boys' basketball, where the basic fundamentals were taught. Basketball for adults was played at the High School gym every Wednesday evening and volleyball and badminton were also available at the same time.

A music program consisting of guitar lessons for all ages was conducted both during the winter and summer seasons, because of previous interest displayed.

Figure skating lessons were provided during the fall and spring as well as the Walpole Youth Hockey Program was available to Walpole youngsters through a private organization.

The Competitive Swim Team, which practiced through the courtesy of the Wrentham State School, enrolled a record number of participants. Scouting for boys and girls, as well as Camp Fire for girls, was offered to all boys and girls in the town.

Tennis clinics and tournaments were held during the summer months for all children and adults. Winter tennis clinics were conducted for adults. This class instruction started in November and concluded in February. Tennis playing was offered to the more experienced player from November to April.

The summer swimming program, conducted at the Center and South pools consisted of pre-school children's lessons, beginners, junior and senior life saving classes, all of which were filled to capacity. Adult swimming, under the lights, was very popular and held at the Center pool each week-day night except Wednesdays from 8:00 p.m. to 9:30.

The Walpole playgrounds operated Monday through Friday from 9:00 a.m. to 4:00 p.m. during the summer months. They offered a variety of activities for boys and girls.

The Recreation Director and Recreation Committee express sincere appreciation to the townspeople and town officers for their cooperation and encouragement during the past year. It is hoped that as the growing needs of the town dictate, the Recreation Director will be able to continue to provide a wide and varied program of which the town can be proud.

Advisory Board of Health

MRS. MARGARET GINLEY, *Chairman*

FRANK KELLEY, *Secretary*

DR. EDWARD A. SWEENEY, *Member*

When the Board of Selectmen appointed us as their Advisory Board of Health, we endeavored to obtain an overview of the myriad aspects of health functions in Walpole. We did this by interviewing a large number of individuals who were in a position to know about health services and health needs. We also attended several meetings with community groups concerned about our health and social problems.

Based on our preliminary studies, we filed a report with the Board of Selectmen, suggesting six areas which, in our opinion, warranted in-depth investigations. They suggested that we concentrate on the following areas:

- 1) Dental disease and the desirability of fluoridation of the community water supply.
- 2) The mental health needs of the community.
- 3) Codification of the local health regulations.

Reports have been completed on the first two areas and we are currently working on the third.

In our work on this committee, we have been very impressed with the large number of citizens, both professionals and volunteers who are working diligently to meet the health needs of our community.

Building Inspector

JOSEPH V. MARINARO, *Building Inspector*

WALTER C. ROCKWOOD, *Deputy Building Inspector*

The office of the Building Inspector has expanded and increased its activities this year to include regular inspections of multiple dwellings and places of public assembly.

Zoning problems and violations have become an ever-increasing time-consuming situation. This office now spends at least 60% of its time answering questions on zoning, investigating zoning violations, notifying violators, and taking necessary steps to assure compliance.

On July 1, a full time clerk was hired which has resulted in a smooth and efficient operation.

On July 12, another step forward was taken when it was arranged to have the Plumbing, Gas and Wire Inspectors located in this office. This has created a closer and more efficient liason between the various inspectors.

All calls for inspections, messages and correspondence to and from the Wire, Gas, Plumbing and Building Inspectors are now handled

through one office. Permit applications and permits are issued from this office and records of same are kept by the clerk.

The following is a report on the construction, type, cost and fees collected in 1971:

Single Family Residences	66	\$1,402,000.00
Additions to Residences	58	159,555.00
Alterations and Repairs	107	215,359.00
New Commercial Buildings	8	208,450.00
Additions to Commercial Buildings	4	310,000.00
Multiple Dwellings	2	485,920.00
Signs	15	4,260.00
Swimming Pools	51	108,695.00
Total Estimated Cost of Construction		\$2,894,239.00
Total Amount of Fees Collected for Construction		\$9,407.00
Total Amount of Inspections Made		650
Total Number of Occupancy Permits Issued		80
Fees Collected for Wiring, Plumbing and Gas Permits		
From July 12 to December 31		\$2,735.50
Total Amount of Fees Remitted to Treasurer		\$12,142.50

	No. of Employees	Budget	Expenditures
1968	25	\$236,331.00	\$223,106.00
1969	25	274,822.00	269,339.71
1970	25	311,717.00	303,362.00
1971	29	276,126.00	346,020.00

During the year, four officers were added to the ranks of the Walpole Police Department, bringing the department total to 29 "full-time" permanent police officers. Officer Harry C. Tominey Jr. was appointed in June 1971, and Officers Shultz, Piasecki and Gormley were appointed in August 1971. These men attended and successfully completed an eight weeks basic training course at the Brockton Police Academy. This academy is certified by the Massachusetts Police Training Council (under Chapter 504 of the Acts of 1967). Officer Edward Lehan resigned in December 1971, to accept a police job in his home town of Canton, Mass.

Other members of the department attended many seminars during the year, which were sponsored by the F.B.I., State, County and universities. At the present time eleven members are attending accredited colleges in Massachusetts.

During the year we had our share of minor and major crimes, including robbery, arson, burglary and breaking and entering. Daytime burglary continues to be our number one crime. It has increased approximately 337% in the past ten years. As a result we have spent many hundreds of hours in this field in an effort to curb or apprehend offenders and as a result we believe that we are making progress.

It is sad to report that we had nine fatalities due to automobile accidents in 1971 as compared to two in 1969 and 1970. We have striven for many years to do all we can, enforcement-wise and engineering-wise to curb violators, but high speed and the drinking driver are the direct

HARRY C. TOMINEY, JR.

JAN E. SHULTZ

Appointed August 16, 1971

result of 50% of all motor vehicle fatalities. Signs and restrictions mean nothing to this type of operator. The only way to combat them is through more enforcement, which of course takes more officers. We spend as many hours as possible along these lines and fortunately, now and then, we arrest a drunken driver while he or others are still alive.

The drug problem remains. If anything, it has improved a little since last year, but we attempt to keep on top of it, aiding youngsters and parents where we can, but also making arrests when we have to. Investigation and surveillance of the over-all drug problem continues around the clock. We are still trying to come up with many, many answers.

The Pistol Team enjoyed another successful year and again won the Norfolk County Trust Company trophy. The team also competed in other matches and exhibitions, winning team and individual honors.

The computerized teleprocessing machine that we had installed in the station last year has proved to be of invaluable assistance, not only at the local level, but it also affords us instant communications with the following agencies: The National Crime Information Center (NCIC Washington, D.C.); the Law Enforcement Teletype System (LETS); the Registry of Motor Vehicles; the Board of Probation (BOP); the Attorney General's Office (AG), and the Criminal Intelligence Information System (CIIS). Every officer went through a computer training session in order to become efficient and to have a thorough knowledge of the machine.

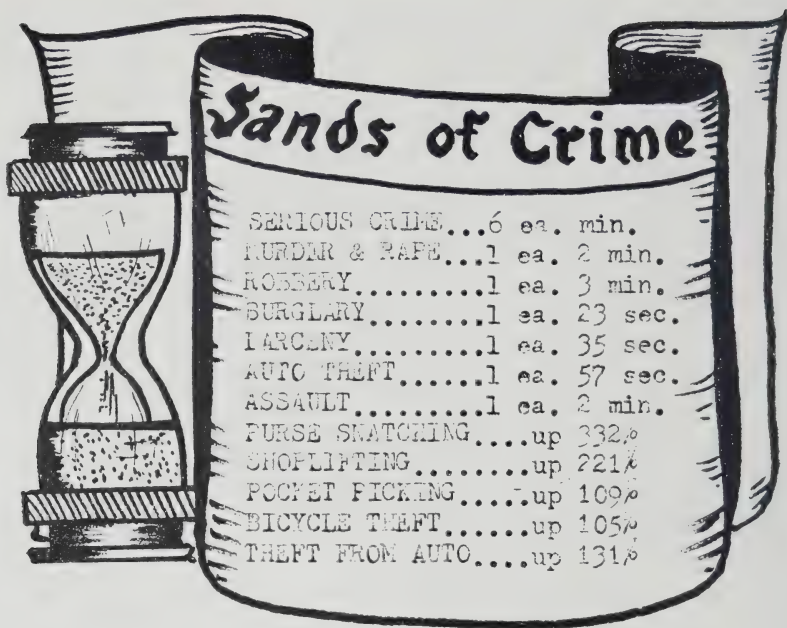

In the past year, Walpole police officers were publicly commended for acts of bravery and courage in saving human lives and apprehending criminals. Your officers have also been commended by both the District and Superior Courts for presenting cases with clarity, good evidence and careful preparation.

Officers are doing good police work day in and day out, in a quiet manner. This does not go un-noticed, as evidenced by the many letters and calls from grateful citizens.

Police work continues to become more complex. Each year it seems that new and different responsibilities fall upon us. We must continue to specialize and improve our performance through modern techniques and police science in order to remain effective and efficient. We also must have continued public cooperation, understanding support.

It is our duty to protect both sides, the lawful and the un-lawful. We are not against the protestor or persons who gather to protest. This right must be protected under our great freedoms and under our Constitution, but we must see that it is legal and lawful. We must uphold the laws as they are written. If we, the police, fail, then all society will be in jeopardy of losing our form of government and society as we know it today.

Below are some figures and statistics released by the F.B.I. which should be of some interest to citizens:

Since 1961 through 1970, 633 law enforcement officers have been killed, 466 by handguns, 78 by shotguns, 60 by rifles, 6 by knives, 2 by bombs, 8 by personal weapons (hands, fists, feet, etc.), other (clubs, etc.) 13.

The following are some statistics taken from the 1971 police blotter as compared to 1970 figures:

SUMMARY OF DEPARTMENT ACTIVITIES FOR THE YEAR 1971

	1970	1971
Complaints investigated	3767	3739
Arrests	201	204
Accidents	395	392
Fatal Accidents	2	9
Personal Injury	193	181
Ambulance Calls	275	270
Transportation to Hospital in Cruiser	109	96
Money Escort to Bank	1367	1347
Funeral Escort	80	63

Dogs Struck and Killed by Motor Vehicles	46	42
Escapee from M.C.I. Walpole	0	2

My sincere appreciation is expressed to the Police Officers, the Town Officials, the Justice, the Clerk, the personnel of our District Court and to all others who have cooperated with and assisted our Department in understanding our problems.

CAPT. GEORGE F. DODGE retired after 43 years as a member of the Walpole fire department. Here he receives gift from Fire Chief Robert M. Gardner, center, as Mrs. Dodge looks on.

Fire Department

ROBERT M. GARDNER, *Chief*

The number of alarms for Fire Department response increased again this year. It had been hoped that with the no-burning law in effect, our number of runs would decrease.

Several departmental changes occurred during 1971:

Captain George Dodge retired, at the age of 65, after accumulating 48 years of service with the Fire Department. This is the longest service in the history of the Department. Firefighter Everett Covio of Company 3 retired for personal reasons after many years of service. All members of the Department wish these two men and their wives many happy years of retirement.

On November 1, Lieutenant Edward Bannon was promoted to Captain, Company 1. On December 1, Firefighters Ernest Manocchio, Jr. and Richard Cleveland were promoted to Lieutenants in Company 1 and Firefighters Leonard Anderson and David Jenks were promoted to Lieutenants in Company 2.

Frederick Weinkauff and Ronald Cherella were appointed Firefighters on August 7.

ALARM STATISTICS

	1970	1971
Sounded Over the Fire Alarm System	421	477
Still Alarms	106	134

OTHER STATISTICS

	1970	1971
No-School Signals	3	1
No. of Times Mutual Aid Received From Other Towns ...	18	30

Monthly Meeting Box Tests	10	12
False Alarms Received by Telephone	21	18
False Alarms—Boxes Pulled	26	31
Loss of Life by Fire	3	0

Fire Alarm

Three new master fire alarm boxes were connected to our system during the year as follows:

Box 142—Hill Machine Company, School Street

Box 133—Housing for the Elderly, Neponset View Terrace

Box 6531—Bird & Son Brigade Room, off Washington Street

A total of 1,874 manhours were expended on maintenance, testing, repairs and records, 498 manhours were involved in emergency work, 380 manhours were expended on alarm circuit and new box construction and relocations and tree trimming required 591 manhours.

A total of 477 alarms were sounded to call department personal during the year. A comparison with the year 1961 wherein 192 alarms were sounded involves an increase of nearly 150% in a ten year period. In 1971 there was an increase of nearly 15% over 1970 in the number of alarms sounded.

One new outside circuit was activated during the year, this was the first outside circuit added to our system in over 40 years. This will result in relief of heavily loaded conditions on two other circuits.

The increase in all types of maintenance, inspection, pole transfer work and related repairs resulted in fewer interruptions and trouble on our system during the year.

Department of Weights and Measures

FREDERICK F. BROWN, *Acting Inspector* to September 30, 1971

ALFRED B. COREY, *Inspector* from October 1, 1971

A summary of the Department's activities during 1971 were:

Units Tested	428
Units Sealed	418
Units Adjusted	68
Units Condemned	9
Units Not Sealed	1
Adjustment Fees Charged	\$2.00
Fees Collected and Paid to Town Treasurer	\$835.10

Surprise spot-checkings of essential food items totalled 530 units. The finds were: 357 correct, 34 under and 139 over measurement. The merchants concerned were advised accordingly and responded cooperatively. This is a practical way of checking against possible human or mechanical elements pertaining to prepacked items.

Recommendations for 1972:

Since taking office, it has been necessary to replace some of the old and faulty equipment. It has been necessary to purchase some new equipment needed to properly function in the capacity of Inspector.

It has also been necessary to take inventory of the equipment supplied to me when I took office and to clean and retest much of the equipment which had not been in use for some time.

A major item needed for 1972 will be a set of metric weights which the Town does not presently own. Also the insurance requirements will have to be evaluated and up dated.

With this additional equipment and the assistance from the State, I hope to be able to provide better service and proper coverage in 1972.

Veterans' Services

RICHARD J. CARBERRY, *Director-Agent*

In July of 1971, Richard J. Carberry was appointed to the office of Director of Veterans' Services, filling the vacancy created by the retirement of James J. Fitzgibbons. Mr. Fitzgibbons retired after eighteen years of faithful and exemplary service to the Town of Walpole and in particular to the Veterans of Walpole.

The increase in the number of Veterans is reflected in the increased workload and rising expenditures of this Department.

During the year 1971, one hundred and four veterans were assisted in filing for their Vietnam bonus.

Total enrollment of Veterans and Servicemen in colleges, high schools, and "On the Job Training", during 1971 reached twenty-nine thousand in the state of Massachusetts, an upward swing which officials say may go as high as thirty-three thousand in 1972. Walpole Veterans were a part of this upward trend as this office assisted over seventy-five Veterans in filing for their educational benefits.

The Veterans' Services department is actually an information center for Veterans' affairs, and the rising demand for this service is indicated by the constant flow of traffic both in person and by telephone.

The upward trend in Government issued home loans is headed for the peak of the late 1950's and may be attributed mainly to a more favorable mortgage market with interest rates down considerably from a

peak of 8.5%. We assisted twenty-eight Veterans in preparing their eligibility determination and loan guaranty entitlements.

Twelve Veterans Administration "Widow and Children's Pensions" were obtained for survivors of deceased Veterans, three "Service Connected Pensions" were awarded to Walpole Veterans, and five "Non-Service Connected" pensions were allowed, all with the assistance of this office.

Forty-six Veterans and their families received assistance under Chapter 115 of the "General Laws of the Commonwealth of Massachusetts", in the amount of \$43,036.22. This is a considerable increase over 1970, and with the higher cost of services and material, we feel sure the expenditures for this assistance program will continue to rise in the year 1972.

Planning Board

JOHN A. COSMAN, *Chairman*, 1976

GERARD E. COMEAU, 1975

JOHN J. DUFFY, 1973

PAUL C. GAY, 1974

ANTHONY M. FARINACCI, 1972

During 1972, the Planning Board held twenty-two regular meetings, two special meetings, and six public hearings on subdivisions and zoning changes.

In addition to the many plans approved under "Subdivision Control Law Not Required," the board reviewed and entered decisions on five preliminary plans and four definitive plans of subdivisions.

Working under the jurisdiction of Charles E. Downe, Planning Consultant, revised and updated the Master Plan. Four hundred forty copies of the Comprehensive Plan, and five thousand copies of a Summary Report including a Future Land Use Map, were printed, and were made available to the public free at the Town Hall. Copies were distributed to all representative town meeting members, town boards and town officials.

The zoning map was updated, and five hundred copies were printed. These are available for purchase.

On recommendation of the Planning Board, the town voted to accept Northwood Drive, Homeward Lane, part of Country Club Drive, Stone Hill Terrace, Sandy Valley Drive, and part of Clarkson Drive as public ways.

The town also followed the board's recommendation and voted to rezone from Residence A to Limited Manufacturing a portion of the Miller land off Route 1.

The board is heading up the Zoning Re-codification Study Committee, and has hired Mr. Downe as Planning Consultant.

Mr. Farinacci represented the Board on the Low-Income Housing Study Committee, and Mr. Duffy on the Capital Budgeting Committee. Mr. Comeau was appointed by the Selectmen to the Zoning By-Law Study Committee.

The Planning Board is extremely grateful to the many committee members and departmental agencies who have through their reports and recommendations assisted the board in many of its decisions.

Board of Appeal

DONALD R. DRAKE, *Chairman*

THOMAS J. KENNEDY, *Clerk*

Members

GEORGE LYONS

JOSEPH PENZA

RICHARD MOORE

Associate Members

EDWARD AVERI

JAMES JACKSON

The Board of Appeal meets the first and third Wednesday of each month. Meetings are usually held in the office of the Selectmen, Town Hall.

The Board held forty-two advertised hearings in 1971. There were twelve requests for site plan approval, all of which were granted. Of the twelve hearings on variances, five were granted and seven denied. Fourteen special permits were granted and one denied. Of nine miscellaneous requests, seven were approved.

The Board sought the advice of Town Counsel on several occasions and were represented by him in Court proceedings.

The Board, with the Planning Board and the Zoning Study Committee, is rewriting and changing the format of the Walpole Zoning By-Laws. This work is being done with the help of Charles E. Downe and when complete, should ease the work of all boards involved with zoning.

Industrial Commission

FRANK P. HILTS, *Chairman*

GUY GIAMPAPA, *Secretary*

HENRY BROWN

THELMA DE ROSA

CYNTHIA GREEN

WILLIAM POWERS

WILLIAM WANDLE

Associate Member

RON FORTIN

The Industrial Commission schedules open meetings on the Second Tuesday of the month. Special Meetings of the Commission are held with the Board of Selectmen and other Town Committees during the course of the year as required.

During 1971 the Industrial Commission was faced with a Membership attendance problem that left many of its meetings without a quorum. This problem was presented to the Board of Selectmen and was solved by the resignation of one member and the release of two, also by the appointment of three new permanent members and one Associate Member.

The Industrial Commission met on a regular basis with Charles Downe, Planning Consultant, to aid in preparation of the 1971 Walpole Master Plan. As a result of these meetings it became apparent, due to the inadequacy of the zoning by-laws, the Commission was instrumental in preparing an article for Special Town Meeting to engage Charles Downe to amend and recodify our zoning by-laws.

The Commission decided that a Site Fact Review of all Industrial Land, whether occupied or not, was necessary, and to hire Charles Downe for a Site Fact Study. The scope of the services involved include:

- Review existing Industrial Locations in Town whether zoned Industrial or not.

- Establish the present land use and Dimensional Characteristics.

- Compare these Characteristics with existing Provisions in Limited Manufacturing and Industrial Districts of Walpole Zoning by-laws and indicate the general zoning conformance and relationship of the zoning with the actual.

The Commission supported rezoning of the Miller Property on Route 1, which received a favorable vote at Special Town Meeting. Allen Associates intends to construct a Closed Type Mall on this property.

The Commission continued its advertising program in the New England Real Estate Journal until October. It was then decided to temporarily suspend it, due to the lack of response.

The Commission feels that if Walpole is to grow industrially, the land bordering its major highways should be rezoned for industry. Interest in this area and in no other has been manifested, and unless the voters support the rezoning of these areas there will be very little new industry to help broaden the tax base.

FLAG PRESENTATION ceremonies marked the opening of the town's Housing for the Elderly Project. Left to right: Veterans of Foreign Wars members Harold B. Brown and Richard Carberry; Housing Chairman Ernest A. Manocchio, Jr., and John P. Dolan, assistant treasurer. Event took place June 26, 1971.

Housing Authority

ERNEST A. MANOCCHIO, JR., *Chairman*

GILBERT W. ANDERSON, *Vice-Chairman*

ROBERT F. RODOWSKY, *Treasurer*

JOHN P. DOLAN, *Assistant Treasurer*

THELMA DeROSA, *Secretary*

ELIZABETH C. DENSBERGER, *Executive Director*

The Walpole Housing Authority held twenty-four scheduled regular and special meetings during 1971. Additional on-site conferences were held at the Elderly Housing Project site during construction.

Construction of the sixty-four unit Elderly Housing Project began July 6, 1970, and progressed on schedule. The Authority accepted four buildings for occupancy on June 15, 1971, and the remaining four buildings and Community Building were accepted July 1, 1971. This date was a few days ahead of the completion time called for in the contract with the general contractor, Paul Sardella Construction Company. The total construction cost was \$1,129,629.02.

Total occupancy of the one-bedroom units was completed during July and August. There are twelve units occupied by couples and fifty-two units occupied by singles.

The rents range from \$43.00 per month to \$81.00 per month, which is 25% of the tenant's income, according to Massachusetts General Law. The tenants chosen for occupancy were selected after interviews and thorough screening by all members of the Authority. In total, there were one hundred twenty-two applicants prior to the July opening of the Project. Many additional applications were received after the opening date.

The maximum income level established by the Authority, with the approval of the Department of Community Affairs of the Commonwealth of Massachusetts, is \$3500 for single applicants and \$4000 for couples.

The Authority chose Neponset View Terrace as the name for the Project. Open House for the citizens of Walpole was held on June 25, 1971. The estimated 400-500 persons who attended all expressed pleasure with the finished Project.

The Authority wishes to thank Walpole Post 6188 V.F.W. for the donation of an American flag for the project. The flag was presented during the Open House activities.

On September 7, 1971, Mrs. Elizabeth Densberger was named as executive director of the Walpole Housing Authority. Mrs. Densberger has been secretary to the Authority since February, 1969.

In December, the Authority had seventy-four elderly persons on a waiting list for housing. The Board has voted to submit an application to the State and Articles to the 1972 Town Meeting to institute action for a second housing project.

ALLEN'S GRANT is accepted for the town on Dec. 2, 1971 from Allen family. The 40-acre parcel is at Washington and Stone street. At ceremonies, left to right: Selectman Bernard J. Duffy; William Vannah, conservation commission; Selectman Mrs. Eleanor N. Johnson; Selectman Chairman Joseph L. Wissman; Philip R. Allen; Mrs. Anne Allen Conklin; Louis Coburn, conservation commission; William Sweet, U. S. Soil Conservation Service.

Conservation Commission

WAYLAND DuBOIS, *Chairman*

MRS. WILLIAM T. SHAW, *Secretary*

WILLIAM VANNAH

ALBERT GOETZ

WILLIAM PETRIE

LAWRENCE WAKEFORD

Associate Members

DONALD MEGATHLIN

GEORGE D. SUTCLIFFE

CHARLES GEORGE

MRS. ARTHUR CLAPP

FRANK FARINACCI

The Conservation Commission spends a great deal of its time "watch dogging"; trying to protect the Town's wetland areas. Of primary importance among these are Cedar Swamp, Cobb's Pond and Traphole Brook, although other areas are just as closely watched.

ACQUISITION OF LAND

The Commission acquired several parcels of land this year past. The Argood property in Cedar Swamp; a small parcel on Mine River was a gift from Mr. and Mrs. James Jamison; and the deed to the Allen Property was turned over to the Commission and town.

COBB'S POND

The Commission is continuing in its efforts to improve and restore the Pond to its fullest potential.

NEGOTIATING

We are constantly working to acquire more property, and at the moment are negotiating for several parcels of land.

Permanent Advisory Building Committee

W. LEONARD GOODWIN, *Chairman*
HARRY J. KORSLUND
LOUIS P. CAMELIO

ALBERT C. MILLER, *Secretary*
EDWARD A. LAMORE
ROBERT B. WOODMAN

The Permanent Advisory Building Committee makes an inspection each fall of all public buildings, schools, parks and playgrounds. It then makes detailed recommendations, including cost estimates, to the Selectmen, and through them, to the Appropriation Committee, for the maintenance and improvement of the various properties.

The Committee is helped greatly in its work by the proper authorities: the Town Administrator, the Building Repair Department, the School Committee, the Library Trustees, the Recreation Committee and others.

The amount recommended to be spent for proper upkeep in the coming year was \$211,250. This amount represents slightly more than 1½% of the total value of the properties involved. Much of the total will be spent on schools and playgrounds.

Walpole Chapter American Red Cross

PAUL B. WILLIAMS, *Chairman*

CAPT. ROY S. BELCHER, JR., (U. S. Navy Ret.) *Vice Chairman*

MRS. IDA COLE, *Secretary*

JOSEPH T. PARENT, JR., *Treasurer*

MRS. WILLIAM S. JACKSON, *Executive Secretary*

The Walpole Chapter, American Red Cross, its board and officers, feel that this has been a most gratifying year of service to the community and we thank the many volunteers for their continued service.

The four day Bloodmobiles enable the chapter to handle most of the requests for blood. Walpole is still high on the list of productive donors although we have not as yet reached our desired goal. This is one of our most costly programs and has been most successfully carried on by Roland F. Peterson, for twenty years. Two Bloodmobiles were held at the D & W Jewelry Co. and one at Bird Machine Co., during the past year.

With the deescalation of the Vietnam War, our Service to Military Families has declined somewhat. However, many requests have been handled for emergency leaves, notifications to servicemen, of parents' illness or death, health and welfare reports on both servicemen and their families, requests for compassionate reassignments or hardship discharges, and financial assistance. Telephone and telegraph charges consume a large

share of our budget. The following are on 24 hour duty: Mrs. Paul C. Gay, Mrs. John Ryan, Mrs. Harry Harding and Mrs. William S. Jackson.

The Motor Corps, under the direction of Mrs. Robert Gilson, has assisted many townspeople with transportation to hospitals, clinics and doctors.

Mrs. Joseph Lorusso and Mrs. Howard Scott, as Canteen co-chairmen, plan sandwiches and coffee for the Bloodmobiles and suppers for the Boston staff and local volunteers. Mrs. Angela Proccacini of the School Lunch Program, has been most helpful this year with the preparation of the evening meal.

Over one thousand children availed themselves of the opportunity to receive free swimming lessons at the pools. The water safety instructors are trained at the Red Cross Aquatic School and their tuition is paid by the Walpole Chapter. Junior and Senior Life Saving courses are also given.

The 1971 Campaign for Funds was most successful as was the enrollment in the schools. The organization relies for its financial support upon the voluntary contributions of the American people.

Mrs. Francis Ferney and Mrs. Raymond McClung continue to serve as Gray Ladies one day each week at West Roxbury V. A. Hospital while Miss Mary Moylan gives evening and Sunday service.

Best known of all the services is the Disaster program, with William Wakefield as chairman. Helping with shelter, food and clothing after a disastrous fire or other emergency, is one of our responsibilities. Our Red Cross nurses stand by in an emergency as well as to assist at the Bloodmobiles.

The Walpole Chapter has just received a Certification of Appreciation from the National Red Cross, for fifty years of humanitarian service.

New volunteers are always welcome.

Visiting Nurse Association

MRS. LEBARON R. BRIGGS, *President*

MRS. JOHN E. HILL, *Vice-President*

MRS. C. EUGENE HARTSHORN, *Secretary*

MRS. HARRY W. HARDING, *Treasurer*

AURELIA M. NEWELL, R.N., *Senior Nurse*

M. ELEANOR WEISSENT, R.N., *Staff Nurse*

Permanent Substitute Nurses

PATRICIA L. GRUGNALE, R.N., B.S.

VIRGINIA L. FORBES, R.N.

In 1971 Walpole Visiting Nurse Association, as the certified Home Health Agency in the community, continued to provide comprehensive home health services to all residents of Walpole who desired or needed them. This year the nature and number of visits recorded reflected the trend in community health toward disease prevention and health promotion. Disease visits decreased, and health visits to provide guidance and counseling increased. A geriatric nursing clinic, to assist the elderly in

living independent lives within the limits imposed by their disease or disability, was instituted in July. Two hundred and fifty-four visits were made and it is anticipated that the number will increase as residents and physicians become familiar with the value of this unique service.

The professional staff, as requested, has expanded the mental health program in cooperation with Medfield State Hospital. Patients who have either been discharged from the hospital or seen at the drive-in or follow-up clinics are referred to our agency. This community based program has proved beneficial in helping patients obtain their goals.

The number of patients served under Medicare continued to decline as even more restrictive interpretations of the law excluded from coverage most of the elderly requiring long term chronic care. These patients who traditionally constituted the bulk of home care nursing programs, are now mostly found in nursing homes.

The Community Service Committee of the Walpole Visiting Nurse Association, in conjunction with the American Cancer Society, held a most successful cancer self-examination program. Ninety Walpole women took advantage of this service. At the Rotary Fair, Betto Medical Supplies donated booths to the V.N.A. Literature on detection, early symptoms and treatment of cancer was distributed to the community. Staff nurses assisted at the Lions Club Glaucoma Clinic and at the Red Cross Bloodmobile. The mumps and polio vaccine were given to pre-schoolers at clinics held in the V.N.A. office in May. Flu vaccine was offered again and injections were given to Senior Citizens, Town employees, and Blessed Sacrament School personnel. German measles vaccine was given in October and November. Staff nurses assisted school nurses with the Tuberculosis survey in March and with the mumps and polio vaccine in June. We continued with follow-up of patients who have had tuberculosis. This year we Mantoux tested citizens either for teaching or school cafeteria employment and students. We would like to expand this program so that more people would avail themselves of this service.

We welcomed three Peabody students again this year. This day of observation in Public Health work is greatly appreciated by the school.

The Walpole Emergency Medical Aid Fund continued to help many of our citizens. A total of sixty-seven items were loaned from our equipment closet: crutches, commodes, walkers, bed side tables, baby scales, Hoyer lift with trapeze and instruments.

Walpole people continued to care for their neighbors. This year church groups, individuals, East Junior High Student Council and the Rotary brought cheer and warmth into the homes of families with children and to senior citizens, many of whom are alone. We recommended seven children who were sent to Salvation Army Summer Camp and one to Rotary Camp.

The death of Dr. John J. Hayes was both a personal and professional loss to our agency. His gentle support and guidance had been counted on over the years.

Changing times require changing techniques. Public Health is on the threshold of these changes and we will continue to maintain a viable organization.

SENIOR CITIZENS aboard bus for start of combination road tour and ship journey to Nova Scotia early in fall of 1971.

Council on Aging

MRS. ALICE ERKER, *President*

JOHN CAMPBELL, *Vice-President*

MRS. MARGARET GINLEY, *Secretary*

CHARLES GEORGE, *Treasurer*

WALTER J. MULDOON

MRS. ANN ZEELAND

EARL DAVIS

The Walpole Council has become a member of the State Southeast Regional Council on Aging and henceforth will take part in all conferences on a State-wide level.

Quarters for Senior Citizens in lower Blackburn are now maintained for recreational purposes on a year round basis, five days a week—Monday through Friday, 10 a.m. to 4 p.m. Business meetings are held on the second Sunday of each month and a monthly card party on the fourth Friday of each month. Mixed bowling matches are held on Mondays and Fridays.

A hot lunch program was instituted at the Stone School being served on Tuesdays and Thursdays each week, from September through June, of the school year. Lunches are not available during school vacations.

The first Annual Hobby and Art Show was held in November. Hand-craft, Woodworking, Rugmaking, Knitted and Handwoven Articles, Crewel Work, Floral Decoration, Jewelry, Christmas Decorations, Candy, Preserves and fresh Home Grown Garden Produce were on display for two days, and were viewed by hundreds. Twenty-seven Knitted Afghans, thirty-five pairs of Knitted Slippers, and thirty Christmas Candle Novelties were distributed to the Nursing Homes and to the Shut-Ins.

Historical Commission

WALTER FISHER, *Chairman*, 1973

THEODORE R. HOWARD, 1972

ROY BELCHER, 1972

C. EUGENE HARTSHORN, 1971

FRANK R. LARRABEE, 1973

HELEN F. VALENTINE, 1974

The Historical Commission, authorized at the Special Town Meeting of April 1970, functioned under the presidency of Walter Fisher during 1971. During the year Mrs. Marjorie Spear and Eugene Hartshorn resigned from the commission. Their places were filled by Mrs. Helen Valentine and Captain Roy S. Belcher, Jr.

During the year the Commission worked on locating and identifying old homes of historical significance in the town. Photographs and ownership briefs were made of several of these homes.

One of the houses of particular interest is the Goddard house, 841 Main Street, built in 1725. The commission is of the opinion that should the property come on the market at some future date, positive steps should be taken to preserve it, probably through town ownership. Funds for its purchase might come from private subscriptions as well as Government assistance.

The following matters are receiving the attention of the commission:

(a) Assisting the Walpole Historical Society in its quest for a suitable historical building for its headquarters and historical museum. The Goddard House appears suitable for this purpose.

(b) Identifying six or eight of the town's oldest and historically most interesting homes. Developing the history of these homes and, with the owner's consent, publicly so. The commission would expect to urge preservation of these sites of historical interest but, of course, the owner's rights cannot be abridged. The histories of the following old houses are being developed.

George Burnett house, 773 South Street, circa 1749; Goddard house, 841 Main Street, circa 1725; Belcher house, 40 Neponset Street, circa 1770; Lovett house, High Plain Street, circa 1722; Lamore house, 23 Prospect Street; Plunkett house, 40 Cedar Street, circa 1750; Lewis Castle.

(c) Designating as sites of historical interest with an aim toward preservation, the following old cemeteries of the town:

The Old Pioneers (Kendall and Main); the Rural Cemetery, Pemberton Street; The Old Cemetery in West Walpole (Old Plain); Maple Grove Cemetery; Terrace Hill Cemetery in South Walpole, and Guild Cemetery, Old Post Road.

(d) Investigating the designation of the Walpole Common and the area around the United Church, DeRoma, Keeling, and Hartshorn houses as an Historical Area. The purpose of such a designation would be to preserve the New England flavor of this area.

(e) Working toward the preservation of the village atmosphere of the South Walpole Common and the adjacent properties.

The commission noted that statues in various parts of the town are in disrepair either from age or vandalism. A better program of maintenance of these historical memorials will be urged by the commission.

Personnel Board

HORACE MAYO, *Chairman*

FRED TURCO

PAUL WEGERDT

LAURENCE KEOUGH

KENNETH WOODARD

The Personnel Board was established in 1954 to administer the Classification and Wage and Salary plan, set up under Town By-Law. The Board acts on all merit increases, promotions and reclassifications for town employees, except those who are specifically exempt.

More than 109 increases were acted on this year. Job descriptions were updated and the Personnel By-Laws were revised and accepted by the Annual Town Meeting. Further review is under study.

During the year the Board was concerned with President Nixon's Phase I and Phase II, Wage and Salary Control Acts of 1971 and 1972.

Salary and By-Law comparisons are being made on a continuing basis with towns of similar size and populations to Walpole, so that records of the trend of municipal salaries and wages in the area can be kept.

Written job descriptions and personnel records of all employees are maintained.

During the year the Board has met with many Department heads, committees and boards regarding town personnel matters.

Regular meetings are held the first and third Mondays of each month.

Public Library

Board of Trustees

GEOFFREY E. PLUNKETT, *Chairman*, 1974

CLAIRE CONNOR, *Secretary*, 1973

DOROTHY W. SPEAR, 1974

ELEANOR M. HARDING, 1973

JOHN F. RYAN, 1972

THOMAS WATSON, 1972

Draperies have been installed at the charging desk, in the music room, in the adult reading room and in the multi-purpose room in the Main Library, the latter a gift from the Walpole Woman's Club. These draperies have added to the library's attractiveness, especially in the high ceilinged adult reading room, with its tall windows.

New carpeting at the circulation desk has also contributed to the library's pleasant atmosphere, by helping reduce the inevitable noise created in this bustling, busy spot where two or three staff members are usually on duty to take care of the many tasks involved in circulating books: checking them out, carding them when returned, processing reserves, answering questions, sending overdue notices, taking telephone calls and operating the copying machine. The library secretary who has charge of the circulation desk also does most of her work here.

The multipurpose room has been used quite well this year, with several groups meeting on a regular basis. An unpleasant problem with the defective heating and ventilation system seems to have been cleared up at long last and the room is much more comfortable. Plans are now underway for making it possible to close the room off from the rest of the library in order to make off-hours usage more feasible.

In addition to the drapes for the multipurpose room the library has again received many gifts of books, recordings, magazines and magazine subscriptions from so many different persons it is not feasible to try to list them. Such gifts are always welcome, and whatever the library can not use is disposed of appropriately.

Another library milestone was reached this year when the installation of picture molding in the Main Library multipurpose and adult reading rooms have made it possible to provide facilities for art exhibits. Starting in November a series of art exhibits is being planned, arranged and maintained by the new Walpole Arts Council. Two exhibits have already been held, the work of Robert Scott and that of Walter Jones.

Regular displays of various collector's items are also being exhibited in a glass case near the charging desk. People have been most generous in being willing to show off and share their treasures which have included Russian hand-made wooden toys, some beautiful glass paperweights, shells, dolls and unusual Christmas ornaments. The library can not assume responsibility for these objects other than by providing a locked display case in a spot easily observable from the desk.

Such exhibits and displays enable the library to serve more adequately in its role as a community cultural resource, supplementing its collections of books and recordings in the fields of art, music and drama.

Another event of this nature was the Eldridge family's presentation of its delightful puppet shows, *The Lion and the Mouse*, and *Punch and Judy*, to two enthusiastic capacity audiences of children as a special part of the annual children's book fair in November.

Other special events in the children's library included the traditional summer reading club and two series of story hours conducted by Theresa Flaherty, children's room assistant. Special visitors during the year included the members of a number of kindergarten classes.

Although there has been a relatively small staff turnover this year, East Branch has suffered the loss of two valued and esteemed assistants in the retirements of Mae Gilmore and Vida Mudgett, in February and September respectively. Both were honored at dinner parties in observance of the occasions. Marjorie Pyne, a former member of the staff, rejoined the branch staff in August.

Concluding on a disheartening note, the theft and loss of library materials is becoming an increasingly serious problem. For example, when a new set of films was put out on the shelf in December, two of them were discovered to have been removed from their containers before they had been checked out even one time. So many books were disappearing from the wooden book return boxes that two steel "book banks" were purchased for the Main Library and East Walpole Branch, only to have the lock broken on one (at Main Library) and its contents removed. An inventory of the fiction section disclosed that many books had unaccountably disappeared from the shelves and a check of the non-fiction section now underway indicates that a correspondingly large number of losses will also be revealed. Some of the missing items have been replaced with newly purchased copies, but others are out of print and, therefore, irreplaceable. It is difficult to understand why those responsible are unwilling to share their library with its other owners, the residents of Walpole.

SEPTEMBER SUNDAY AFTERNOON—"PICNIC IN THE PARK"

School Department

REPORT OF THE SCHOOL COMMITTEE

At its Special Town Meeting on November 15, the Town voted: that the Town raise and appropriate by transfer from Budget Line item 13, School Administration expenses incurred in evaluating solutions to the space requirements at the Walpole Senior High School and the space requirements for mandatory Kindergartens."

Accordingly the School Committee engaged the services of Dr. George Collins of Educational Associates of Cambridge, former Associate Commissioner of Education of the Commonwealth, for consultation in the study of alternative solutions to the increasingly crowded condition of the Walpole Schools.

This study, "from scratch", followed the rejection by the Town, a year previously, of two concurrent proposals: one of them for a new 4-year high school and the adoption of 4 (plus kindergarten)—4-4 system; the other calling for additions to both our secondary and our elementary school buildings. (The School Department is now operating on a 6-3-3 system.)

The School Committee invited representatives of other town committees to join in this new study, the objective being to arrive by consensus at the one solution offering the best value to the Town from both economic and educational points of view. This solution, when arrived at, will be

presented to the Town with request for funds for architectural studies and drawings. The request for construction funding will be made subsequently.

Those participating with the School Committee in the study are: (from the Appropriations Committee) Merritt Agabian, Mrs. Marianne Boragine, and Mrs. Marjorie Smeltzer; (from the School Needs Committee) Michael DeRosa (Chairman), Henry Hobaica, Ralph Morris, Shigeo Okubo, Joseph Parent, and Norman Stilwell; (from the Capital Budget Committee) Edward Garner.

This group is attacking the problem according to an outline which begins with a determination of what floor space is needed to conduct our present educational program within today's State standards. (Our deficit in these respects is the principal reason for limitation of our accreditation by the New England Association of Colleges and Secondary Schools.)

Following this phase is the determination of what changes and additions to our total system curriculum need to be made to update the programs available to our students. In this connection particular attention is being given to programs for those students not planning to continue their formal education after graduation from high school. Changes in, and additions to curriculum (including kindergarten classes about to be mandated under State law) are to be "costed" in terms of required floor space.

Finally, the most economical and educationally desirable means of adding the required space is to be arrived at. Experience of other communities which have had similar growth problems will be examined. In-person visits to such communities within range will be part of the study. Public meetings in Walpole, for the purpose of broadening the base of discussion and expression of opinion, are being planned.

In the meantime, it was recognized that specific action had to be taken at the High School no later than the opening of school in September, 1972. The condition of crowding in that building would not wait for any long-range "permanent" solution. To that end, a separate and specific study program was organized late in the spring of 1971. On their return to school last September, a committee of high school administrators, teachers, and students began active evaluation of all possible short-term solutions to the problem. Visits to many other communities were made by groups within the group. Great effort was made to evaluate various possibilities from the viewpoints of workability and relative cost.

Early in December this task force presented to the School Committee its conclusion that, everything considered, a schedule of classes based on an extended school day, with certain features of an open campus program, was the most feasible plan. After careful consideration, this recommendation was agreed upon. The task force thereupon entered into the phase of specific planning, realizing that many problems would have to be met head-on, and solved, in order that the space problem could be temporarily relieved with a minimum of disruption to the educational program. Here again public meetings were part of the plan, for cooperation of parents and townspeople is vital to success.

FOREIGN STUDENTS Ann-Charlotte Brobjer, Sweden, and Jan Petersen, Germany, chat with Mr. Stacy.

SUPERINTENDENT'S REPORT

The school year opened September 7, 1971 with 48 new teachers meeting with the returning staff members and the Administrators to plan for the opening day.

The enrollment on opening day was 4755.

A four-year comparison of enrollment figures shows a decrease at the elementary level and an increase in the Senior High.

	1968	1969	1970	1971
Elementary	2496	2380	2358	2334
Junior High	1234	1349	1314	1288
Senior High	907	1012	1053	1133
Totals	4637	4641	4725	4755

Sixty-seven first grade pupils registered at the Old Post School filling the two available classrooms, far over the desired 25 pupils per room goal. A full time teacher's Aide has been hired for each first grade at Old Post.

In South Walpole fifty-eight first graders registered reflecting the new homes built in this area. If this trend continues at Boyden and Old Post, these schools will not contain the children in the districts from Grades I through VI to say nothing of the Kindergartens mandated for September 1973.

Fifty Bird School sixth graders are at the East Junior High with 25

"THE SPIRIT OF '71"

Plimpton School pupils. Forty pupils from the Stone sixth and 14 from the Plimpton are housed in the West Junior High School.

All possible space in the Senior High is being utilized but, in spite of this, many pupils are unable to be scheduled in art, laboratory science, industrial arts and some commercial subjects.

In order to prepare for the 1200 Senior High pupils expected next September, an extended school day has been authorized by the School Committee.

There are many obvious problems yet to be worked out such as—pupil parking areas, shuttle bus services during the day, what pupils are to do during the times they are not in class, and last but not least where they are to go when not in class.

The enrollment by schools follows:

Bird—Grades I-VI	347
Boyden—Grades I-VI	290
Fisher—Grades I-VI	563
Old Post Road—Grades I-VI	306
Plimpton—Grades I-V	206
Stone—Grades I-VI	408
East Junior High—Grades VI-IX	703
West Junior High—Grades VI-IX	719
Senior High—Grades X-XII	1133

LOON PROJECT PRACTICES ON EIGHTH POND

MEDIA SERVICES

As our school media centers sky-rocket in effectiveness, we begin to discover that the many of materials accessible, retrievable, and usable must be far larger than most educational experts were predicting as recently as ten years ago, especially if we are to meet the learner at his own point of knowledge, attainment, and interest and allow him to move on from that point with success and enthusiasm. We have further discovered that the mawk of material ALONE is of little use without the librarian-media specialist (properly supported in clerical functions) who makes its use effective, that by virtue of her own experience with the materials and her knowledge of learning and teaching styles. Proof of that is readily available to anyone who will visit one of our full-time staffed media centers and follow the librarian-media specialist about for a day or two, and then visit a school elsewhere without such a specialist in the same kind of depth.

Courier service, developed in October of 1970, has proven its worth many times over. Films formerly rented for a single school now rarely stop at two schools—they are frequently shown at three and four. Cartons of resources flow daily from one school to another. System-wide sharing has become a feasible reality.

Old Fisher School is becoming a curriculum resource center providing not only access to the more expensive types of audio-visual resources but to reading, speech, learning disabilities, and science and art teaching resources as well as to a growing professional education library. The professional education resources (materials about education and learning for teachers and open to any towns-person) is increasingly well-used, with current circulation running at about 160 to 170 items. We hope to increas-

SALLY BEISE ARRIVES WITH DAILY COURIER SERVICE

ingly involve ourselves in that area as time goes on in a cooperative attempt to improve ourselves.

The year 1971 has been one of rapid change and general improvement for us, and we eagerly anticipate the felt effects of those improvements and changes as 1972 passes.

ARBOR DAY—BOYDEN SCHOOL

READING DEPARTMENT

Learning to read is one of the most important tasks which a student accomplishes in his school career. One of the major responsibilities of each teacher is to evaluate the progress a student is making toward his goal of learning to read. A broader aspect of this evaluative process involves studying the effectiveness of the various components of the reading program in the system as a whole.

In the Spring of 1971 data were collected on the reading experiences of all elementary school students (approximately 2400). This will make it possible to answer such questions as the following:

1. How well are the students achieving in relation to their own abilities?
2. Is remedial reading effective?
3. Is there a relationship between grouping practices and reading achievement?
4. Is there a correlation between varying approaches to learning to read and reading achievement?
5. How well are Walpole children achieving when compared to public school children at large?

It is our plan to collect such data on a yearly basis.

GOING DOWN IS EASIER

WALPOLE HIGH SCHOOL CURRICULUM DEVELOPMENTS

MAJOR CURRICULA CHANGE

The Walpole School Committee has approved a plan submitted by the high school staff for a major change in our school program effective in September, 1972. This plan calls for an extended school day utilizing the flexible concepts of the Open Campus philosophy. Committees are now functioning to work out the details of this change in operation.

NEW COURSES ADDED FOR SCHOOL YEAR 1971-1972

- | | |
|--|--|
| 1. *Writing 1 and 2 | 15. *Trigonometry |
| 2. *Introduction to Literature | 16. Spanish for Non-College Students |
| 3. *Grammar Review | 17. Work Study Program |
| 4. *World Literature | 18. Electronics |
| 5. *Developmental Reading | 19. *Creative Crafts |
| 6. *Shakespearean Tragedy | 20. *Advertising Art and Layout |
| 7. *19th Century Novel | 21. *Textiles |
| 8. *War and Literature | 22. *Sculpture |
| 9. *Modern Literature | 23. *Focus on Film |
| 10. *English Literature | 24. Four Electives in Senior Girls' Physical Education |
| 11. *American Literature | 25. *Home Management |
| 12. *Business Composition | 26. *Social Aspects of Science |
| 13. Introduction of Laboratory Work in Non-College Science Courses | 27. *Problems in Biology |
| 14. *Probability and Statistics | |
- * Semester Courses

Other curricula innovations which are being studied for possible adoption in the near future are:

- | | |
|------------------------------------|----------------------------|
| 1. Black Literature | 9. Ceramics |
| 2. Introduction Poetry | 10. Print Making |
| 3. Independent Study | 11. Jewelry and Metal Work |
| 4. Urban Studies | 12. Interior Design |
| 5. Contemporary Issues | 13. Painting |
| 6. Mathematical Mosaics | 14. Design Fundamentals |
| 7. German for Non-College Students | 15. Music I |
| 8. Designing with Light | 16. Music Theory |
| | 17. Madrigal Singers |

DATA PROCESSING SERVICES

Since September 1968 we have had our own unit record equipment. With this equipment we are presently doing system wide attendance, report cards, and scheduling for the three secondary schools. Further, with this equipment we are processing all elementary school permanent records, and all elementary school health records. Since September 1970 we have rented a small 1620 computer. This piece of equipment is used primarily for instructional purposes.

TITRATION EXPERIMENT IN CHEMISTRY

INSTRUCTIONAL MATERIALS

In addition to the above mentioned administrative uses, this equipment is used as instructional devices. Presently we have two divisions of Data Processing which are open to Seniors. This course allows students to work with the various machines and to do some basic wiring of the various boards. Also, we have four divisions of Computer Programming. In this course students work primarily with the 1620 computer.

This year we have established a course in Basic Electronics and have converted one small room in the Industrial Arts area to serve as an Electronics Laboratory.

We have converted another small area in the old Industrial Arts section to a second Art Room. This room is used primarily for Ceramics and Creative Crafts.

STATISTICS FOR THE CLASS OF 1971

Walpole High School graduated 305 students on June 8, 1971. Considering the total class of 305 students, 204 made application and 180 were accepted for further study. The breakdown and a comparison with the classes of the four previous years is as follows:

	1967	1968	1969	1970	1971
	Percent				
Four Year Colleges	34	40	37	37	35
Two Year Schools	17	10	16	21	12
One Year Programs	8	12	8	6	8
Nursing Schools	7	3	5	3	3
Preparatory Schools	2	5	2	3	1½

ANOTHER VICTORIOUS YEAR

This is a total of 59½% of this year's students. For these students, the Guidance Department processed 594 applications and the students received a total of 331 acceptances.

The remainder of the class have future plans as follows:

	1967	1968	1969	1970	1971
	Percent				
Full-Time Employment	14	15	14	16	24
Armed Services	10	8	9	3	4
Undecided	8	6	9	10	8
Marriage				1	2
Post Graduate					5
Travel					2

SCHOLARSHIP AID

This graduating class received \$25,170 in scholarship aid. Most of this aid can be renewed yearly if the student maintains a satisfactory average set by the school or college. The above amount does not include the \$4,850 that was given to deserving students at graduation.

	1967	1968	1969	1970	1971
College Scholarships	\$18,875	\$20,750	\$25,000	\$27,350	\$25,170
Local Scholarships	\$2,750	\$3,850	\$4,500	\$5,250	\$4,850
Work Scholarships		\$1,150	\$2,930	\$2,930	\$4,700
Loans		\$7,150	\$7,630	\$7,450	\$13,700

DISTRIBUTION OF APPLICATIONS AND ACCEPTANCES

	1967	1968	1969	1970	1971
<i>Applications</i>	503	490	455	670	594

 Carol Swenson—Maple Grove Manor
 Richard Travers—New England Telephone Co.
 Barbara Webster—Herb Anderson, Inc.
 James Werning—King Plumbing Agency (Plumber's Apprentice)
 Thomas Wignot—Conkey Swimming Pools
 Robyn Young—Denny Nursing Home

Admissions officers from 103 post-secondary schools visited Walpole High School during the year 1970-71. Approximately 300 seniors were involved in these meetings which present the student an excellent opportunity to get preliminary information. If the student and the school or college show mutual interest, a personal visit to the campus is encouraged.

WALPOLE PUBLIC SCHOOLS—Age-Grade Table—October 1, 1971

On January 19, 1971 the following were declared elected and sworn into office by Town Clerk Louis E. Hoegler:

Selectmen: Eleanor N. Johnson and Roy G. Fisher, each for a term of three years.

Town Collector: Jane A. Ahearn for a term of one year.

Town Treasurer: Margaret A. Taylor for a term of one year.

Moderator: Richard K. Troxell for a term of one year.

Assessor of Taxes: Robert A. Cobb for a term of three years.

Trustees of Public Library: Geoffrey E. Plunkett and Dorothy W. Spear were sworn into office on January 21, 1971 each for a three year term.

School Committee: Paul C. Bunker, James B. Totten and David R. Cameron all for a three year term.

Commissioner of Trust Funds: Robert F. Harwood for a term of three years.

On January 27, 1971 at a swearing-in ceremony held in the West Junior High School Auditorium, Town Clerk Louis E. Hoegler administered the oath of office to the newly elected Walpole Town Meeting Members, except for the following eighteen members who were sworn in on the dates shown, all in 1971.

Gilbert W. Anderson, January 28th; Claire S. Connor, February 18th; William O. Connor, February 18th; Paul R. Mikalauskas, February 4th; Stanley Blackmer, April 6th; George B. Delaney, February 19th; Samuel A. Lorusso, February 9th; Wayne O. Stacy, February 1st; Paul C. Bunker, April 26th; Peter J. Hand, March 2nd; George W. Sanborn, February 4th; Joseph J. Lorusso, February 4th; Thomas M. White, March 4th; Robert L. Gilson, February 19th; Levi Salonen, January 22nd; Frank W. Smith, February 2nd; Kenneth S. Woodard, April 23rd; William J. Ahern, February 18th.

ADJOURNED ANNUAL TOWN MEETING

March 1, 1971

Pursuant to the foregoing adjournment, the Adjourned Annual Town Meeting of Walpole was held in the High School Auditorium at 7:30 P.M. on Monday, March 1, 1971.

A quorum not being present, the Moderator declared the meeting adjourned to MONDAY, APRIL 26, 1971 at 7:30 P.M. in the High School Auditorium.

Moderator Richard K. Troxell presided.

ADJOURNED ANNUAL TOWN MEETING

April 26, 1971

Pursuant to the foregoing adjournment, the Adjourned Annual Town Meeting of the Town of Walpole was held in the High School Auditorium on Monday, April 26, 1971.

The meeting was called to order at 7:30 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum of Town Meeting Representatives was present.

Town Clerk Louis E. Hoegler attested to the proper service and return of the warrant.

The following Tellers were appointed by the Moderator: Betty Anne Wissman and Mary Haggbloom.

It was *voted*: To regard the recommendations of the Appropriation Committee as main motions, with the exception of Article 30.

ARTICLE 1.—*No action.*

ARTICLE 2.—It was *voted*: To discharge the Representative Town Meeting Study Committee with thanks.

ARTICLE 2.—On Motion of Peter J. Hand, It was *voted*: To have Town Meetings open with the Pledge of Allegiance to the Flag.

ARTICLE 2.—On Motion of Peter J. Hand, It was *voted*: To have Town Meetings open with an invocation by a member of the clergy selected by the Moderator.

ARTICLE 2.—Mary Lou Dunn, Walpole High School Senior, was presented a copy of her drawing which appeared on the cover of the 1970 Annual Report, by Selectman Joseph L. Wissman and Town Report Committee Chairman, Willis D. McLean.

ARTICLE 2.—It was *voted*: That the School Lunch Program Study Committee report be placed on file and the committee be discharged with thanks.

ARTICLE 2.—It was *voted*: That the Personnel Board Study Committee Report be placed on file and the committee discharged with thanks.

ARTICLE 2.—It was *voted*: That the Administrative Space Study Committee Report be placed on file and the committee be discharged with thanks.

ARTICLE 2.—On Motion of Edward J. Delaney, It was *voted*: That a committee of five be appointed to study the refuse disposal problems in the Town, more especially domestic use of gas or electric incinerators, and report back to the next Annual Town Meeting.

ARTICLE 2.—On Motion of Eleanor N. Johnson, It was *voted*: That the Annual Town Meeting of 1971 extend the authorization of the Charter Study Committee until the Annual Town Meeting of 1972.

ARTICLE 2.—On Motion of Anthony J. Bruno, It was Moved and Seconded, That a committee of seven members composed of one representative town meeting member from each precinct for the purpose of drawing up rules for conducting meetings as allowed in Section 26 of Chapter 709. Each precinct will appoint the member to serve on the committee. Committee to submit to the total RTM membership for acceptance at the next Annual Town Meeting.

Motion was: *Defeated*. Yes—61; No—71.

ARTICLE 2.—On Motion of Allen Falconer, It was *voted*: That if an adjournment is necessary beyond the May 4, 1971 meeting, it be called for May 5, 1971 at 7:30 in the West Junior High School Auditorium.

ARTICLE 2 (See Article 18).—It was *voted*: That the Moderator appoint a committee of seven (7) registered voters and three (3) ex-officio members as follows: one member from each of the following committees: Appropriation Committee, Permanent Advisory Building Committee, and the Board of Selectmen plus one from the Town Insurance Agents and three (3) members at large. Ex-officio members shall be the Fire Chief, the Police Chief and the Town Administrator.

The purpose of this committee shall be to determine the best method of protecting municipal buildings from vandalism and fire.

Said committee shall consider such areas as watchmen, patrols, illumination, sound detectors, all types of fire protective devices and any other areas not indicated.

The committee shall inform the Chairman of the Appropriation Committee upon the election of their chairman so both committees may meet prior to their deliberations.

This committee shall report their findings to the Annual Town Meeting of 1972 with any warrant articles prepared for the consideration of the Town.

ARTICLE 2 (See Article 27).—It was *voted*: That the Moderator appoint a committee of five (5) registered voters to study methods to make the Sewer Department a more self-sustaining operation.

Areas to be considered should include compelling connections, sewer usage taxes, a review of sewer assessments, more equitable distribution of construction costs, etc.

This committee shall inform the Chairman of the Appropriation Committee upon election of their chairman so both committees may meet prior to their deliberations.

This committee shall report their findings to the Annual Town Meeting of 1972 with any warrant articles prepared for the consideration of the Town.

The time for the calling of the Special Town Meeting having arrived, It was *voted*: To adjourn this meeting at 8:20 P.M.

SPECIAL TOWN MEETING

April 26, 1971

Pursuant to the foregoing Warrant, the Inhabitants of the Town of Walpole, qualified to vote in elections and Town Affairs met in the Auditorium of the High School Building in said Walpole on Monday, the Twenty-Sixth Day of April, 1971 at 8:00 P.M.

The meeting was called to order at 8:21 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present. The Town Clerk attested to the proper service and return of the warrant.

It was *voted*: To adjourn this Special Town Meeting to May 3, 1971 at 8:00 P.M. at the West Junior High School. The Moderator so declared at 8:22 P.M.

ADJOURNED ANNUAL TOWN MEETING

April 26, 1971

Pursuant to the foregoing adjournment of the Annual Town Meeting at 8:20 P.M., Moderator Richard K. Troxell reconvened the meeting at 8:23 P.M. All rules and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present.

ARTICLE 3.—It was *voted*: That the Town authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1971 and January 1, 1972 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 4.—It was *voted*: That the Town instruct the Selectmen to petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts in accordance with Section 35, Chapter 44, of the General Laws. (Ter. Ed.)

ARTICLE 5.—It was *voted*: That the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

ARTICLE 6.—It was *voted*: That the Town authorize the Collector in collecting water rates and services to follow the rules and regulations of the Water Department.

ARTICLE 7.—It was *voted*: That the Town authorize the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 8.—It was *voted*: That the Town authorize the Selectmen to sell any and all property now owned by the Town, or to be acquired as a result of foreclosing rights of redemption in said property.

ARTICLE 9.—It was *voted*: That the Town instruct the Selectmen to provide compensation under the Workmen's Compensation Act for its laborers, workmen, and mechanics, including all employees of the Town, regardless of the nature of their duties, receiving injuries out of and in the course of their employment or in case of death resulting from such injury, raise and appropriate money therefor in the amount of \$40,000 as recommended in Budget Item No. 198.

ARTICLE 10.—It was *voted*: That the Town raise and appropriate a sum of money to pay its proportionate share in the Contributory Retirement System for the year 1971, in the amount of \$99,162.01 as recommended in Budget Item No. 199.

ARTICLE 11.—It was *voted*: That the Town raise and appropriate the sum of twenty-four hundred and eighteen dollars and seventeen cents (\$2,418.17) for veterans' pensions under Chapter 32, Section 59A of the General Laws.

ARTICLE 12.—It was *voted*: That the Town raise and appropriate the sum of four thousand dollars (\$4,000.00) to print the 1970 Annual Town Reports.

ARTICLE 13.—It was *voted*: That the Town raise and appropriate the sum of eight hundred dollars (\$800.00) for Christmas lighting.

ARTICLE 14.—It was *voted*: That the Town raise and appropriate the sum of seven hundred and fifty dollars (\$750.00) for the "Night Before the Fourth" celebration.

ARTICLE 15.—It was *voted*: That the Town raise and appropriate the sum of eleven thousand five hundred dollars (\$11,500.00) for the rendering of nursing services in the areas of Health Supervision for tuberculosis control, maternal and child health, control of communicable disease, provision of clinics, assistance to schools in tuberculosis testing, supervision of crippled children's program, and adult health supervision.

ARTICLE 16.—On Substitute Motion of the Conservation Commission, It was Moved and Seconded: That the Town raise and appropriate the sum of forty thousand (\$40,000.00) for the Conservation Commission to be placed in the Conservation Fund as authorized in Clause 51 of Section 5 of Chapter 40 of the General Laws.

Motion was: *Defeated*.

Main Motion was then, Moved, Seconded and *voted*: That the Town raise and appropriate the sum of ten thousand dollars (\$10,000.00) for the Conservation Commission to be placed in the Conservation Fund as authorized in Clause 51 of Section 5 of Chapter 40 of the General Laws.

ARTICLE 17.—It was *voted*: That the Town raise and appropriate the sum of one dollar (\$1.00) and authorize the School Committee to renew a lease of Indenture with the Trustees of Francis William Park Trust to lease the land known as "The Bird Athletic Field".

ARTICLE 18.—(See Article 2)—It was *voted*: To close debate on the Substitute Motion of the Board of Selectmen. It was Moved and Seconded: That the Town raise and appropriate the sum of \$35,000.00 for the installation of certain fire alarm equipment in some schools, to wit; heat detection devices.

Substitute Motion was: *Defeated*. Vote was: *Unanimous*.

Main Motion was then: Moved, Seconded and *voted*: *No Action*.

ARTICLE 19.—It was *voted*: That the Town raise and appropriate the sum of thirty-eight thousand five hundred and fifty dollars (\$38,550.00) to cover the expenses of physical training, athletics equipment and transportation of teams from the Junior and Senior High School as defined and specified in Chapter 658 of the Acts of 1950.

ARTICLE 20.—It was *voted*: That the Town raise and appropriate the sum of forty-nine thousand five hundred dollars (\$49,500.00) to cover the expenses of School Cafeterias for the year 1971.

ARTICLE 21.—It was *voted*: That the Town raise and appropriate the sum of fourteen thousand seven hundred dollars (\$14,700.00) for the maintenance of Chapter 90 roads in Walpole, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

ARTICLE 22.—It was *voted*: That the Town raise and appropriate the sum of thirty-five thousand two hundred dollars (\$35,200.00) for the construction of Chapter 90 roads in Walpole, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

ARTICLE 23.—It was *voted*: That the Town raise and appropriate the sum of ten thousand dollars (\$10,000.00) to construct storm drains and appurtenances on various streets in the Town of Walpole.

ARTICLE 24.—It was *voted*: That the Town raise and appropriate the sum of ten thousand dollars (\$10,000.00) to reconstruct roads and streets within the Town of Walpole.

ARTICLE 25.—It was *voted*: That the Town raise and appropriate the sum of fifty thousand five hundred dollars (\$50,500.00) for cleaning and lining water mains in the Town of Walpole and that such money be raised by transfer from the Water Available Surplus account.

ARTICLE 26.—It was *voted*: That the Town instruct the Selectmen to make a minimum charge of one dollar (\$1.00) for water for Francis William Park, a public park in East Walpole, for the year 1970 and raise and appropriate the sum of nine hundred and forty dollars (\$940.00) to pay the difference between said minimum charge and the bill rendered by the Water Department for the year 1970 to Francis William Park.

ARTICLE 27.—(See Article 2)—On Substitute Motion of the Board of Selectmen, It was Moved, Seconded and *voted*: To close debate.

On Substitute Motion of the Board of Selectmen, It was Moved and Seconded: That the sum of Two Hundred Fifty-Six Thousand Four Hundred and Sixty Dollars (\$256,460.00) be appropriated to install sanitary sewers in the following locations:

High Plain Street approximately 1100 l.f.
Harding Road approximately 600 l.f.
Pontiac Road approximately 500 l.f.
Robbins Road approximately 380 l.f.
Smith Avenue approximately 1200 l.f.
Woodard Road approximately 1800 l.f.

That said sum of \$256,460.00 be raised as follows: \$6,460.00 be transferred from the sewer assessment fund and that the Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow the sum of not more than \$250,000.00 under the provisions of General Laws, Chapter 44, Section 7, Clause 1, and issue bonds or notes of the Town therefor, payable in accordance with said Chapter 44 so that each issue of bonds or notes herein authorized shall be paid in not more than ten (10) years.

Motion was: *Defeated*.

On Substitute Motion of George Barr, It was Moved and Seconded: That the sum of \$238,600.00 be appropriated to install sanitary sewers in the locations listed in the Motion, with the *exception of Robbins Road*, said sum to be raised as follows:

\$8,600.00 be transferred from the sewer assessment fund, and \$230,000.00 be borrowed on a ten year bond issue.

Motion was: *Defeated*. Yes—68; No—76.

Main Motion was then, Moved, Seconded and *voted*: *No Action*.

It was *voted*: That this Annual Town Meeting be adjourned to the West Junior High School Auditorium on April 27, 1971 at 7:30 P.M. The Moderator so declared at 11:00 P.M.

ADJOURNED ANNUAL TOWN MEETING

April 27, 1971

Pursuant to the foregoing adjournment, the Adjourned Annual Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on Tuesday, April 27, 1971.

The meeting was called to order at 7:30 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present.

Fr. Cummings of the Blessed Sacrament Church delivered the Invocation and the assembly recited the Pledge of Allegiance.

The following Tellers were appointed by the Moderator: Samuel Lorusso and Ruth Holman.

ARTICLE 2.—On Motion of Christopher O'Neil, It was Moved and Seconded: That the Town Clerk call a meeting of all RTM Members at Blackburn Memorial Hall on the second Monday night at 7:30 o'clock following the final session of this 1971 Annual Town Meeting. All members notified by mail of the same purpose —Rules and Procedure.

Motion was: *Defeated*.

ARTICLE 28.—It was *voted*: That the Town raise and appropriate the sum of Fifty-seven Hundred Dollars (\$5,700.00) to purchase two cruising cars for the Police Department with permission to trade two one-year-old 1971 cruising cars.

ARTICLE 29.—It was *voted*: That the Town raise and appropriate the sum of Seventy-five Hundred Dollars (\$7,500.00) to purchase a pickup truck for the Fire Department with permission to trade one 1961 pickup truck.

ARTICLE 30.—On Substitute Motion of Peter A. Bradley, It was *voted*: To Close Debate.

On Substitute Motion of Peter A. Bradley, It was Moved and Seconded: That the Town raise and appropriate the sum of \$53,000.00 to establish a permanent Fire Department and that the Fire Commissioners be authorized to appoint eleven (11) full time firefighters in a manner to be chosen by them.

Motion was: *Defeated*.

On Motion of Richard H. Holman, It was Moved and Seconded: That Roll Call vote be taken on this Article.

Motion was: *Defeated*.

On Challenge of the above voice vote, a standing vote was taken with the following results: Yes—40; No—97.

On Motion of the Appropriation Committee, It was Moved and Seconded: That the Town raise and appropriate the sum of Forty Thousand (\$40,000.00) Dollars to establish a permanent Fire Department consisting of eight (8) firemen to serve at the Central Fire Station as follows:

One fireman on duty each of three shifts to cover the station for twenty-four (24) hours with the length of each shift to be established by the Fire Commissioners. That two (2) additional firemen be on duty during the daylight hours with the length of this shift to be determined by the Fire Commissioners. That the permanent fire department at the Central Fire Station in addition to their other duties shall act as janitors, stewards and truck checkers.

Motion was: *Defeated*. Yes—40; No—96.

On Main Motion of the Board of Selectmen: It was Moved and Seconded: That the Town raise and appropriate the sum of \$24,000.00 to establish a permanent fire department of five (5) full time firemen.

Motion was: *Defeated*.

It was *voted*: That the Town raise and appropriate the sum of forty-eight thousand five hundred and fifty dollars (\$48,550.00) to purchase the following equipment for the Public Works Department:

\$6,300.00 for two sedans and permission to trade one 1968 sedan and one 1966 ranch wagon.

\$3,100.00 for one pick up truck—one-half ton.

\$20,400.00 for one dump truck, 46,000 GVW, with permission to trade one 1947 dump truck.

\$3,800.00 for one bituminous pavement spreader.

\$11,400.00 for two dump trucks, 18,000 GVW, with permission to trade two 1964 trucks.

\$3,550.00 for one sander unit with permission to trade one 1950 Baugman sander.

ARTICLE 32.—*No Action* to petition the Legislature to amend the Town Charter as under Article 2 on April 26, 1971 the authorization of the Charter Study Committee was extended until the Annual Town Meeting of 1972.

ARTICLE 33.—On two-thirds Required Vote, It was *voted*: That the Town raise and appropriate the sum of five thousand dollars (\$5,000.00) to finance a 250th Anniversary Celebration for the Town of Walpole in 1974.

ARTICLE 34.—*No Action* to raise and appropriate a sum of money to conduct a transportation survey.

ARTICLE 35.—It was *voted*: To Close Debate. Vote: *Unanimous*.

On Substitute Motion of the Board of Selectmen, It was Moved and Seconded: That the Town raise and appropriate the sum of forty-thousand five hundred dollars (\$40,500.00) to construct and equip a playground in West Walpole off Lincoln Road.

Motion was: *Defeated*. Yes—64; No—73.

Main Motion was then: Moved and Seconded: That the Town raise and appropriate the sum of twelve thousand dollars (\$12,000.00) to construct and equip a playground in West Walpole off Lincoln Road.

Motion was: *Defeated*.

It was Moved, Seconded and *voted*: That this Annual Town Meeting be adjourned to May 3, 1971 at 7:30 P.M. in the West Junior High School. The Moderator so declared at 10:45 P.M.

ADJOURNED ANNUAL TOWN MEETING

May 3, 1971

Pursuant to the foregoing adjournment, the Adjourned Annual Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on Monday, May 3, 1971.

The meeting was called to order at 7:40 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present.

Reverend Carroll Moore of the Methodist Church in South Walpole delivered the Invocation and the assembly recited the Pledge of Allegiance.

The following Tellers were appointed by the Moderator: Eleanor Harding and Lucy Ellen Hill.

ARTICLE 2.—On Motion of John Farrell, It was *voted*: That the Moderator appoint a committee to study the feasibility of fluoridating the town water supply; said committee shall include members of the Health Department, a dentist and a registered voter.

ARTICLE 2.—On Motion of Robert W. Foster, It was Moved and Seconded:

That the Town Moderator appoint a permanent standing committee to make comprehensive case studies concerning urban expansion into areas containing natural resources such as woodland, wetland and stream;

That such studies will explore ecological, sociological, philosophical and physical consequences resulting from interference, alteration and destruction of natural cycles and conditions of the environment;

That the Town Moderator appoint only those persons who have demonstrated a desire to protect natural resources and upgrade the quality of the environment and who have training in the natural and social sciences or competent knowledge or experience in solving problems of environmental abuse;

That said committee report any substantial findings yearly to the Town Meeting and make prompt reports to any municipal agency concerned by the findings of the committee;

That the Town Moderator be authorized to appoint five persons to the committee for terms of two years, and to appoint other persons if necessary to terms designated by the needs of the committee; but none to exceed two years;

That the committee be called the Walpole Environmental Committee.

Motion was: *Defeated*.

ARTICLE 2.—On Motion of Louis P. Camelio, It was *voted*: That a committee appointed by the Moderator, of seven members composed of one Representative Town Meeting Member from each precinct for the purpose of drawing up rules for conducting meetings as allowed in Section 26 of Chapter 709. Said committee to submit to the total RTM membership for the next Annual Town Meeting.

Standing Vote: Yes—76; No—56; Abstaining—3.

The time for the calling of the Special Town Meeting having arrived, It was *voted*: To adjourn this Annual Town Meeting. The Moderator so declared at 8:10 P.M.

SPECIAL TOWN MEETING

May 3, 1971

Pursuant to the adjournment of April 26, 1971, the Special Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium on Monday, May 3, 1971.

The meeting was called to order at 8:12 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present.

The following Tellers were appointed by the Moderator: Eleanor Harding and Lucy Ellen Hill.

It was *voted*: To waive the reading of the warrant.

It was *voted*: That all recommendations of the Appropriation Committee be considered Main Motions.

ARTICLE 1.—It was Moved and Seconded: That *No Action* be taken to accept the provisions of Section 108L of Chapter 41 of the General Laws of Massachusetts providing for a career incentive pay program for regular full-time police officers.

On Substitute Motion of Thomas M. White, on two-thirds required vote, It was *voted*: To Close Debate.

On Substitute Motion of Thomas M. White, It was *voted*: That this Substitute Motion become the Main Motion.

Main Motion was then: *voted*: That the Town vote to accept the provisions of Section 108L of Chapter 41 of the General Laws of Massachusetts providing for a career incentive pay program for regular full-time police officers and that such program be implemented upon appropriation of funds by the State Legislature.

ARTICLE 2.—On Motion of the Board of Selectmen, It was Moved and Seconded: That the Town instruct the Selectmen to support the proposed revenue sharing programs which will be before the 92nd Congress (1971) for the purpose of acquiring additional, needed revenues to assist in alleviating demands currently imposed on local property taxes, and to inform the Massachusetts Congressional delegation of this action.

Motion was: *Defeated*.

ARTICLE 3.—It was *voted*: That the Town vote to create a special unpaid committee for a Regional Vocational-Technical School District Planning Committee to consist of three members, including one member of the School Committee to be appointed by the Moderator in accordance with the provisions of Section 14 of Chapter 71 of the General Laws, as amended, and there be appropriated for the use of said committee the sum of Five Hundred Dollars (\$500.00).

ARTICLE 4.—On two-thirds Required Vote, It was *voted*: That the Town authorize the Board of Selectmen to purchase for fifteen thousand dollars (\$15,000.00) a tract of land on Old Post Road shown on Assessor's Map D-10 as Lot D-1054 containing approximately 10.15 acres to be used for water supply.

Vote: *Unanimous*.

ARTICLE 5.—On two-thirds Required Vote, It was *voted*: That the Town place under the management and control of the Conservation Commission a certain parcel of land presently owned by the Town bounded and described as follows:

Beginning at a point on the easterly side of South Street, at the property corner of Edison Electric Ill. Co. of Boston and Town of Walpole, said point being southeasterly Two Hundred and no Hundredths feet distance (200.00) from a stone bound at an angle point in South Street. Thence southeast Five Hundred Fifty plus or minus feet (550±) along the Division Line "C" of the Edison Electric Ill. Co. of Boston to the center line of Neponset River. Thence southerly and southeasterly along the center line of said river One Thousand Two Hundred Ninety plus or minus feet (1290±) to a point, said point being the intersection of the center line of said river with the northerly side of South Street. Thence northwesterly, northerly and northeasterly along easterly sideline of South Street. Two Thousand Thirty plus or minus feet (2030±) to the point of beginning. Containing 14.3 acres plus or minus, and include an island as shown on said plan. The aforementioned distances were scaled from a plan entitled "Plan of Land in Walpole showing Division Line "A" and Division Line "B", received and recorded July 17, 1925 as Plan 626-B of Book 1654, Page 321. This description includes Lots D-1357 and F-403 as shown on the Town of Walpole Assessors' Maps of 1971.

The Town shall reserve water resource rights for public water supply.

ARTICLE 6.—It was *voted*: That the Town amend Article XXII, Section 1 of the By-Laws of the Town of Walpole by substituting the word "four" for the word "three" and the word "seven" for the word "six" wherever the same shall appear in the first sentence of said Section 1, Article XXII.

ARTICLE 7.—On Substitute Motion of the Board of Selectmen, on a two-thirds Required Vote, It was *voted*: To Close Debate.

On Substitute Motion of the Board of Selectmen, It was Moved and Seconded: That the Town raise and appropriate the sum of \$30,000 for the installation of certain fire protective devices in public buildings.

Motion was: *Defeated*.

On a two-thirds Required Vote, Main Motion was then: *Voted*: That *No Action* be taken to see if the Town will raise and appropriate or transfer a sum of money to install fire protective devices in public buildings, or do or act anything thereto.

ARTICLE 8.—It was *voted*: That *No Action* be taken to see if the Town will raise and appropriate a sum of money to purchase grave sites for veterans.

ARTICLE 9.—It was *voted*: That the Town raise and appropriate or transfer fifteen thousand and six hundred and fifty dollars (\$15,650.00) to install water mains and appurtenances for fire protection at various public buildings.

There being no further business to come before this Special Town Meeting, it was *voted* that this meeting be dissolved. The Moderator so declared at 9:50 P.M.

ADJOURNED ANNUAL TOWN MEETING

May 3, 1971

Pursuant to the foregoing 8:10 P.M. adjournment of May 3, 1971, the Adjourned Annual Town Meeting reconvened at 9:51 P.M. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present. Moderator Richard K. Troxell presided.

ARTICLE 2.—It was *voted*: To discharge the Vocational Technical School Feasibility Study Committee with thanks.

ARTICLE 36.—On Substitute Motion of John F. Campbell, It was *voted*: To Close Debate.

On Substitute Motion of John F. Campbell, It was Moved and Seconded: That the Council may appoint such clerks and other employees as it may require.

Motion was: *Defeated*.

On Motion of Willis D. McLean, It was *voted*: That *No Action* be taken under Article 36.

ARTICLE 37.—It was *voted*: That the Town approve the action of the Personnel Board taken after the 1970 Town Meeting and prior to the 1971 Town Meeting, as follows:

ARTICLE 39.—It was *voted*: That the Town approve the changes in the Personnel By-Laws as recommended by the Personnel Board as follows:

PERSONNEL BY-LAWS

STANDARD RATES OF SALARIES AND WAGES

1. Title

The Classification of Positions and the Pay Schedules appended hereto and the provisions of the By-Law shall be the Classification and Wage and Salary Plan (hereto after referred to as the PLAN) for the payment of Salaries and Wages to the employees of the Town of Walpole except such positions as are exempt.

2. Application

The PLAN shall apply to all officers and employees in the service of the Town (whether full time, or part time, seasonal, casual, special, Civil Service or other) other than those positions filled by popular election and those under the direction and control of the School Committee. Nothing herein, however, shall bar using the Plan or its provisions or facilities provided by the Personnel Board as a guide to authorized officials or Committees in determining the compensation of such otherwise exempted employees or officials.

3. Title of Positions

No person shall be employed or paid as an employee in any position subject to the provisions of the Plan under any title other than that of the job, the duties of which are actually performed. The job title in the plan shall be the official title of the position and shall be used in all administrative and employment records, and in every other connection involving personnel or fiscal processes.

4. Personnel Board

There shall be a Personnel Board appointed by the moderator, consisting of five members other than employees or elected officials of the Town except Town Meeting Representatives. Two members shall be appointed for a term of three years, two for a term of two years, and one for a term of one year. All subsequent appointments shall be made for a term of three years. Any vacancies shall be filled by the Moderator. The Personnel Board shall serve without pay.

4A. Quorum—Minutes

Any or all of the powers it may itself exercise, the Board may delegate to a committee of three of its members and this number shall at any time constitute a quorum; and as long as there is a quorum present none of the Board's rights or power to exercise them shall be impaired by vacancies in the Board or absences from its meetings.

5. Duties of the Personnel Board

a. The Personnel Board shall enforce and administer the Plan and establish such policies, procedures and regulations as it deems necessary and consistent with the Plan.

b. The Personnel Board shall maintain written descriptions of the jobs or positions in the Plan describing the essential characteristics, requirements and general duties. The descriptions shall not be interpreted as complete or limiting definitions and employees shall continue to perform any duties assigned by their superiors.

c. The Personnel Board shall maintain personnel records of all employees including thereon such information as it deems advisable, said records to be kept by the Town Accountant on behalf of the Personnel Board. Department Heads shall furnish such information as shall be requested for this purpose.

d. The Personnel Board shall review all positions subject to the Plan at intervals of not more than three years. The Personnel Board may add a new position to the Plan or reclassify an existing position to a different schedule or grade, subject to the subsequent ratification of its actions by a formal amendment of the Plan at the next Town Meeting. All reclassifications of schedule including Grade, Pay Ranges, Pay Rates shall be effective on the dates recommended by the Personnel Board.

e. The Personnel Board shall from time to time review the Wage and Salary Schedules. It shall keep informed as to pay rates and policies outside the services of the Town and shall recommend to the Town any action deemed desirable to maintain a fair and equitable pay level.

f. Upon recommendation of the Department Head, supported by evidence in writing or special reasons and exceptional circumstances satisfactory to the Personnel Board, said Board may authorize any entrance rate higher than the minimum rate for a position and such other variances in Salary Plan as it may deem necessary for the proper functioning of the services of the Town.

g. The Personnel Board shall compile and maintain up-to-date charts of the organizational structure of the Town.

6. Effective Date

The Plan shall become operative on the effective date of this By-Law.

7. Installing Plan

a. All present employees included in the Plan shall be eligible to receive any pay based upon their job classification as provided by the schedules adopted herewith. All adjustments shall be subject to the approval of the Department Head and the Personnel Board.

b. No pay shall be reduced as a result of the installation of the Plan. Any existing rates above the maximum shall become personal rates and apply only to the present incumbent. When his employment ends, no successor shall advance beyond the maximum for the job.

8. Increases

Progression through the rate ranges is NOT automatic and shall be on the basis of step increases because of merit on recommendation of the Department Head and the Personnel Board. Employees who leave the service of the Town after the first day of any year and an increase in pay is voted at the Annual Town Meeting, these employees will be paid such increases from the time worked during the year.

9. Promotions and Transfers

When an employee is promoted to a higher rated job, he shall enter at the minimum of the job rate range or at his own rate, whichever is the higher. He may also receive a step increase at the time, if the Department Head feels that qualifications and performance warrant it, and the Personnel Board recommends it.

If an employee should be transferred and reclassified to a lower rated job he shall enter it at his own rate or at the maximum of the job, whichever is lower.

9A. Rate Range Revisions

When rate ranges are affected by a wage increase voted by the Town, either fixed percentage or a fixed amount, all employees covered by the Plan shall benefit but no employee shall be increased to a higher step in the rate range unless such increase shall be on the basis of merit at the recommendation of the Department Head and the Personnel Board.

9A1.

No job, position, or employee, or any rate of pay can be reclassified or reallocated, nor any step (progression, increase) granted; unless the Board shall have specifically approved the action before it is taken.

9A2.

And the proper Department Head shall inform the Board of each change in the content of a job or position.

9b.

An employee reclassified as a result of rate range revision shall continue at his current rate until such time as the Department Head recommends that qualification and performance warrant a merit increase and the Personnel Board approves.

9c.

No pay shall be reduced as a result of rate range revision of the Plan when employee receives a pay rate above the maximum for the job. This rate becomes a personal rate and applies only to the present incumbent. When his employment ends no successor shall advance beyond the maximum for the job.

10. New Personnel

The hiring rate shall be the minimum of the rate range for the job unless otherwise authorized by the Department Head and Personnel Board. If such authorization is given, it shall be supported by written statement of the reasons.

11. Vacations

Any regular employee who has been in the employment of the employer as of June 1 in any year for one (1) year of full time continuous employment shall be entitled to two (2) weeks' vacation with pay. Any regular employee who has been in continuous employment of the employer as of June 1 in any year for less than one (1) year but more than six (6) months shall be entitled to one week's vacation with pay. Any regular employee who has been in the employment of the employer as of June 1 for ten (10) years of continuous full time service shall be entitled to three (3) weeks vacation with pay. Any regular employee who has been in the employment of the employer as of June 1 for twenty (20) years shall be entitled to four (4) weeks' vacation with pay.

Vacations shall not be cumulative from year to year.

Any regular employee whose employment is terminated after June 1 in any year by dismissal without just cause, or by resignation or death without having taken vacation to which he is entitled, he, or in case of death, his estate, shall be paid in lieu of such vacation an amount equal to one full day's pay at his regular rate for each such day of unused vacation. Any employee who resigns shall give the employer at least two weeks' notice and, failing to do so, shall not be eligible to receive his terminal vacation pay as provided herein. Any employee dismissed for just cause shall not be eligible to receive any terminal vacation pay.

12. Leave of Absence

Except for jury duty, military training, or other reasons to the extent herein-after provided, all leaves of absence shall be without compensation.

13. Personal Leave

No personal leave with pay shall be granted during the first three months of employment.

14. Holidays

Regular employees shall be paid for each of the following holidays: New Year's Day, Washington's Birthday, Patriots' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Armistice Day, Thanksgiving Day, and Christmas Day.

"Regular employees of the various Town departments, other than department heads, police and fire department employees, and others by agreement when hired, required to work on any of the above specified holidays shall be put on the basis of time and one half in addition to the regular pay for that day."

14A. Sick Leave — Personal Illness

After three months of continuous employment an employee shall be entitled to sick leave with pay for the following reasons:

Personal Illness

Death in Immediate Family

Sick Days: 3 hours accrued per work week, 15 days per year with a limitation of 100 days. Accrued time will be a maximum of 100 days.

15. Overtime

a. No overtime shall be paid to the following in the normal course of their duties, even though the positions may be referred to below:

Department Heads

Professional Employees

Fire Department Employees

Others by Agreement When Hired

b. Salary Employees in Salary and Office Occupations. Overtime at the rate of time and one half shall be paid for all hours worked in excess of thirty-five hours scheduled work week.

c. There will be no pyramiding of overtime.

16. Education

Any full time employee of the town may participate in this program if the course(s) taken is job related and is approved by the department head. An employee should receive approval prior to registering for the course, pay for the course, and after satisfactory completion will receive reimbursement from the Town upon receipt of course credit and submission of expense voucher for tuition, laboratory costs and books. The maximum allowable educational aid for each school year shall be \$600.00. There is no reimbursement for time spent during the course, mileage or any other expense.

17. Jury Duty

An employee called for jury duty shall be paid by the Town an amount equal to the difference between the compensation paid for a normal working period and the amount paid by the Court excluding allowance for travel.

18. Military Training

Employees with more than one year continuous employment by the Town next prior to the time of performing the service herein referred to, who are required to report for temporary summer or like period of training in the military forces of the Nation or the Commonwealth, shall be paid an amount equal to the difference between compensation for normal working period of two weeks and the amount paid for military training. An employee, on request, may combine his military leave with his regular vacation period.

19. Departmental Budgets

Each Department Head shall include in the departmental budget a Pay Adjustment Section, to provide funds for anticipated pay adjustment during the year, expenditures to be made therefrom only in accordance with the Salary Plan with the approval of the Personnel Board.

20. Fringe Benefits

Proposed changes in existing fringe benefits, such as vacations, holidays, premium pay, etc. and/or proposals for any additional fringe benefits shall be submitted by the Department Head to the Personnel Board for its recommendations prior to inclusion in proposed departmental budgets.

21. General

If any provision of this By-Law shall conflict with any Civil Service law or regulation applicable to any position, or any other law, it shall be deemed modified by the law or regulation sufficiently only to end the conflict. The invalidity of any provision hereof shall not be construed to invalidate any other provision hereof.

22. Classification and Schedules

The classification and schedule of pay under the plan shall be as shown in the appended "Classification of Positions and Pay Schedules" as from time to time amended.

23. Amendment

This By-Law may be amended by vote of the Town at any regular or special meeting.

On Motion Made and Seconded, it was *voted*:

To adopt the proposed By-Law governing the classification of Personnel and the Administration of Standard Rates of salaries and wages as specified in Article 2 of the Special Town Meeting Warrant for action March 22, 1954 and the Classification of Positions and Pay Schedules included in the report of the Wage and Salary Committee with amendments.

24.

To permit adequate study, proposed amendments other than those initiated by the Board shall first be presented to the Board in writing, but not less than forty-five days immediately before the date of the meeting in which it is intended to seek action on the said amendment.

ARTICLE 40.—It was *voted*: That the Town raise and appropriate by transfer from the Water Available Surplus the sum of two hundred and one thousand, four hundred and eighty-four dollars (\$201,484.00) to the Water Department for maintenance, construction and retirement of any and all bonds, notes, and interest payable in 1971 a sum of money sufficient therefor in accordance with Chapter 396 of the Acts of 1928.

ARTICLE 41.—It was *voted*: That the Town raise and appropriate by transfer from the Sewer Available Surplus the sum of nineteen thousand six hundred and sixty-four dollars (\$19,664.00) for administrative expenses, maintenance, sewer connections, retirement of any and all bonds, notes and interest payable in 1971, a sum of money sufficient therefor in accordance with Chapter 120 of the Acts of 1930.

ARTICLE 42.—It was *voted*: That the Town allow the following compensation for its Selectmen, Assessor of Taxes, Town Treasurer, and Collector of Taxes for their services for the ensuing year, raise and appropriate the money therefor; said compensation is shown in their respective Budget Items.

SELECTMEN: Item No. 8, Chairman Salary
 Item No. 9, Clerk Salary
 Item No. 10, Members' Salaries (3)
 ASSESSORS: Item No. 40, Chairman Salary
 Item No. 41, Members' Salaries (2)
 TREASURER: Item No. 32, Treasurer Salary
 COLLECTOR: Item No. 36, Collector Salary

It was *voted*: That the Town raise and appropriate or transfer the following sums of money to defray the regular departmental expenses of the Town for the ensuing year.

- 203 *Recommended:* That all sums voted are to be expended in accordance with, and restricted to those items listed in the budgets approved by the appropriation committee unless specific authorizations for a change therein are voted by the Appropriation Committee.

ARTICLE 2.—It was *voted:* That the Town accept the West Junior High School and dismiss the West Junior High School Building Committee with thanks.

ARTICLE 2.—On Motion of William E. Foley, It was *voted:* To amend the Main Motion to appoint a Permanent Firemen Study Committee by inserting the phrase "to report to the next regular Town Meeting with specific recommendations, and if necessary, warrant recommendations, on the need for and the extent of any permanent additions to the fire department."

Main Motion, offered by Ernest A. Manocchio, Jr., was then: *voted:* That a committee of seven members be appointed, committee to consist of one member of the Board of Selectmen appointed by the Selectmen; one member of the Appropriation Committee, appointed by the Appropriation Committee; and two R.T.M. members and three voters-at-large, appointed by the Moderator. The Fire Chief to be an ex-officio member of the committee.

Said committee to report to the next regular Town Meeting with specific recommendations, and if necessary, warrant recommendations, on the need for and the extent of any permanent additions to the fire department.

Committee to study all aspects of duties to be performed by said full-time fire-fighters, including possible take-over of the Town's emergency ambulance service, changes in present call fire department structure, and all costs anticipated for the implementation of the program.

Said report should contain as much background information as possible for proper and informed consideration by the Town Meeting members.

ARTICLE 2.—It was *voted:* That the Moderator appoint a committee of five registered voters to consist of one member from the Appropriation Committee, one member from the School Committee and three members at large.

Said committee shall study the present school bus program with the purpose of reducing the high cost of transporting pupils. Areas to be studied should include regular school transportation, athletics, field trips, and any other area of transportation not indicated.

It is further requested that said committee, upon election of a chairman, advise the Chairman of the Appropriation Committee so that both committees may meet prior to their deliberations.

The committee shall report its findings to the Annual Town Meeting of 1972 with any warrant articles prepared for the deliberation of the Town. (Petition of the Walpole Appropriation Committee).

ARTICLE 2.—It was *voted:* That the vote under Article 2 of the 1967 Annual Town Meeting to establish a "Capital Budget Committee" be amended to read as follows:

There shall be a Capital Budget Committee of seven voters, three of whom shall be members of the Appropriation Committee chosen by it, one of whom shall be a

member of the Planning Board chosen by it, and three of whom shall be appointed by the Moderator.

The term of office shall be determined by the Moderator, but shall not exceed three years.

The Capital Budget Committee shall consider all matters relating to proposed expenditures of money by the Town for capital projects, and may make recommendations to the Town, to any Town board, officer or committee, related to such matters.

The various Town boards, officers, and committees charged with the expenditures of Town money shall, at a reasonable time before the end of each calendar year, prepare detailed estimates of the amounts deemed by them advisable for the Town to expend for capital projects annually for a period up to six years as determined by the Capital Budget Committee, together with explanatory statements providing such additional information about each proposed capital project as reasonably may be requested by the Capital Budget Committee.

The Capital Budget Committee shall duly consider the same and may confer with said Town boards, officers and committees, and hold hearings, if they deem it advisable. The committee shall report to and meet with the Appropriation Committee before preparing its final report. The committee shall make a report annually of the matters so considered by it with recommendations or suggestions relative thereto, and their said report shall be published and distributed, as part of the annual report of the Appropriations Committee.

For the purpose of this committee a "capital project" shall be: (1) an expenditure, financed in whole or in part by Town funds, for the construction, reconstruction, replacement, major repair, extension, or other improvement of a public building, highway, sidewalk, storm drain, sewerage installation, bridge, playground, park or like public works, or a facility, structure or utility appurtenant to any of them; or (2) an expenditure, similarly financed, for the purchase of land, an item of equipment buildings or structures.

On Amendment of Richard H. Holman, It was Moved and Seconded: That the last paragraph shall be amended to read "For the purpose of this committee a "capital project" shall be (1) "an expenditure of over \$20,000.00 and not of an annual nature, financed in whole or in part by Town funds, etc."

Motion was: *Defeated.*

ARTICLE 2.—On Motion of William H. Powers, It was *voted*: To close debate.

Motion was then, Moved and Seconded: That a School Financial Reporting Committee be established. The committee to be comprised of nine (9) members on the following basis: one member—School Committee; one member—Appropriation Committee; seven members—RTM Members (one from each precinct).

Such members shall be appointed by the Town Moderator.

The committee shall analyze and evaluate in depth, the methods and procedures employed in the preparation of the school budget. This study shall include, but not necessarily be limited to the following areas:

1. Terminology.
2. Accounting procedures.
3. Administrative procedures.
4. Criteria for making budgetary decisions.
5. Union negotiations and administrative salaries.
6. Personnel.

The committee shall report its findings along with its recommendation of a detailed budgetary procedure that will enable RTM members to consider the school budget prior to the Town Meeting so that they can more intelligently understand and vote on such budget and be able to report back to the voters of their precinct.

The committee shall report its findings to a Special Town Meeting at the earliest possible date, but in any event no later than the 1972 Annual Town Meeting.

Motion was: *Defeated.*

ARTICLE 2.—On Amendment of Robert W. Foster, It was *voted*: That a member of the Conservation Commission be appointed to the committee for the study of the need for low and moderate income housing in Walpole.

On Motion of George B. Lyons, It was *voted*: That the Moderator appoint a committee of eight (8) for the purpose of making a study of the need for low and moderate income housing in the Town of Walpole. This committee will consist of one representative each from the Planning Board, the Housing Authority, the Master Plan Committee, the Conservation Commission and four members-at-large. This committee will report to the Town no later than the next Annual Town Meeting.

Vote: YES—70; NO—45.

On Resolution of Robert L. Gilson, It was *voted*: That the Representative Town Meeting Members of the 1971 Town Meeting are in favor of voting previous year's salaries on all salary budgets where union negotiations are not completed at the time the Town Meeting is held.

Town Administrator, John P. Mogan, attested to the accuracy of the descriptions of the street acceptances in Articles 44 through 49.

It was *voted*: To waive the reading of Articles 44 through 49.

ARTICLE 44.—It was *voted*: That the Town accept Northwood Drive from station 0 + 0 at North Street to station 15 + 25 as shown on a plan entitled "Street Acceptance Plan of Northwood Drive in Walpole, Massachusetts", drawn by Walpole Engineering Department, John P. Mogan, Town Engineer, dated January 19, 1971 and bounded and described as follows:

A certain way known as Northwood Drive beginning at a point on the southerly side of Northwood Drive, said point being one hundred fourteen and thirty-seven hundredths (114.37) feet N 6°-11'-32" E from a stone bound at a point of curvature radius forty and no hundredths (40.00) feet on Homeward Lane, thence thirty-five and seventy-one hundredths (35.71) feet on a curve to the left with a radius of twenty-five and no hundredths (25.00) feet to a point, thence N 88°-02'-09" E one thousand two hundred and two and fifty-one hundredths (1202.51) feet to a point, thence one hundred fifty-three and five hundredths (153.05) feet on a curve to the right with a radius of three hundred and no hundredths (300.00) feet to a point, thence S 62°-44'-03" E ninety and no hundredths (90.00) feet to a point, thence forty-seven and twenty-seven hundredths (47.27) feet on a curve to the right with a radius of twenty-five and no hundredths (25.00) feet to a point, thence N 45°-36'-16" E twenty-five and sixty-six hundredths (25.66) feet to a point, thence N 47°-15'-47" E eighty-one and eighty-nine hundredths (81.89) feet to a point, thence thirty and fifty-four hundredths (30.54) feet on a curve to the right with a radius of twenty-five and no hundredths (25.00) feet to a point, thence N 62°-44'-03" W one hundred twenty-six and thirty-one hundredths (126.31) feet to a point, thence one hundred seventy-nine and fifty-eight hundredths (179.58) feet on a curve to the left with a radius of three hundred fifty-two and no hundredths (352.00) feet to a point, thence S 88°-02'-09" W one thousand one hundred ninety-three and ninety-four hundredths (1193.94) feet to a point, thence forty-two and eighty-three hundredths (42.83) feet on a curve to the right with a radius of twenty-five and no hundredths (25.00) feet to a point thence S 2°-49'-54" W one hundred two and thirty-five hundredths and eight thousandths (102.358) feet to the point of beginning.

Vote: *Unanimous.*

ARTICLE 45.—It was *voted*: That the Town accept Homeward Lane south from station 0 + 0 at Northwood Drive to station 1 + 60 and north from station 0 + 0 to station 6 + 36 as shown on a plan entitled "Street Acceptance Plan of Northwood Drive in Walpole, Massachusetts", drawn by Walpole Engineering

Department, John P. Mogan, Town Engineer, dated January 7, 1971 and bounded and described as follows:

SPECIAL TOWN MEETING

November 15, 1971

Pursuant to the foregoing Warrant, the Special Town Meeting of the Town of Walpole was held in the West Junior High School Auditorium in said Walpole on Monday, the Fifteenth Day of November 1971.

The meeting was called to order at 8:00 P.M. by Moderator Richard K. Troxell. All by-laws and regulations concerning the calling of a Town Meeting were fulfilled and a quorum was present. Rev. John A. Griswold of Epiphany Church delivered the Invocation and the assembly recited the Pledge of Allegiance.

The following Tellers were appointed by the Moderator: Mrs. Evelyn Verrocchi and Mrs. Fung Kai Okubo.

Town Clerk Louis E. Hcegler attested to proper return of the Warrant.

It was *voted*: To waive the reading of the Warrant.

It was *voted*: That the recommendations of the Appropriation Committee be considered Main Motions.

ARTICLE 1.—It was *voted*: To Close Debate.

It was *voted*: That the Town raise and appropriate by transfer from the Free Cash portion of the Excess and Deficiency Account the sum of Five Thousand Eight Hundred and Sixty Dollars (\$5,860) for the installation of smoke detectors on public buildings.

ARTICLE 2.—On two-thirds required vote, It was *voted*: To Close Debate. *Vote*: YES—81; NO—40.

It was *voted*: That the Substitute Motion of the Board of Selectmen become the Main Motion.

It was Moved and Seconded: To divided the Motion. Motion was: *Defeated*.

Main Motion was then: Moved, Seconded and *voted*: That the Town accept the following pay schedule for the Walpole Police Department:

Effective November 15, 1971

	1	2	3	4
Patrolman	\$8,056	\$8,692	\$9,222	\$9,858
Sergeant		10,070	10,600	11,130

Effective January 1, 1972

Patrolman	\$8,459	\$9,126	9,683	\$10,351
Sergeant		10,573	11,130	11,686

Effective January 1, 1973

Patrolman	\$8,670	\$9,354	\$9,925	\$10,610
Sergeant		10,837	11,408	11,978

Four-and-Two Work Schedule

The Selectmen shall submit to the 1972 Annual Town Meeting a request for an appropriation sufficient to fund additional position(s) necessary to implement the four-and-two work schedule whereby a police officer will work four consecutive days and be off two days on a regular rotating schedule. Within sixty (60) days of approval of the Attorney General of the Commonwealth of Massachusetts of the Town Meeting action making such appropriation, the four-and-two work schedule shall be implemented.

ARTICLE 3.—It was *voted*: To Close Debate.

It was *voted*: That the Substitute Motion of the Board of Selectmen become the Main Motion.

Main Motion was then: Moved, Seconded and *voted*: That the Town raise and appropriate by transfer from the Free Cash portion of the Excess and Deficiency Account the sum of One Dollar (\$1.00) to defray the expense to the Town of the new pay schedule for the Walpole Police Department.

ARTICLE 4.—It was *voted*: To Close Debate.

It was *voted*: That *No Action* be taken on this Article to see if the Town will vote to raise and appropriate a sum of money for the improvement of Alton Street from Old Post Road thence running westerly approximately 700 feet, said improvements to be made under the provisions of Chapter 80 of the General Laws of Massachusetts.

ARTICLE 5.—It was *voted*: That the Town raise and appropriate by transfer from the Sewer Assessment Fund the sum of Thirteen Thousand Three Hundred Dollars (\$13,300) for the purpose of retaining an engineer to survey and design sanitary sewers in the following locations:

High Plain Street approximately 1100 l.f.
Harding Road approximately 600 l.f.
Pontiac Road approximately 500 l.f.
Smith Avenue approximately 1200 l.f.
Woodard Road approximately 1800 l.f.

ARTICLE 6.—It was *voted*: That the Town raise and appropriate by transfer from the Water Available Surplus Account the sum of Twenty Thousand Dollars (\$20,000) to purchase a tract of land on Old Post Road shown on Assessors' map D-10 as Lot D-1054 containing 10.15 acres to be used for water supply.

Vote: *Unanimous*.

ARTICLE 7.—It was *voted*: That the Town accept the provisions of Chapter 138, Section 56 of the General Laws of Massachusetts relative to parking.

ARTICLE 8.—It was *voted*: That the Town accept the provisions of Chapter 40, Section 22D of the General Laws of Massachusetts relative to the removal of certain vehicles from the highway.

ARTICLE 9.—It was *voted*: That the Town authorize the Selectmen to transfer to William J. Maloney, Jr. a parcel of land shown on the Assessors' Map as Lot A-1604 containing approximately 4.0 acres and that the Town accept, in exchange therefor, the following parcels of land, lots 16 and 19, which combined

contain approximately 4.0 acres, all shown on a plan entitled "Preliminary Plan of Land in Walpole, Massachusetts, dated July, 1971, owner William J. Maloney, Jr."

Vote: *Unanimous*.

ARTICLE 10.—It was *voted*: To Close Debate.

On two-thirds Required Vote, It was Moved, Seconded and *voted*:

That the Town amend its Zoning By-Laws to change from Residential "A" Zone to Limited Manufacturing Zone, the following described property:

The land in the Town of Walpole being bounded and described as follows:

Beginning at a point on the Town line of Norwood and Walpole at a point located at the Northerly corner of land of Joseph and Nellie H. Thomashy and the Southeasterly corner of land of Harold A. Miller; thence S49-35-00W 515.96 feet; thence turning and running S68-08-57E 204.21 feet; thence running S33-16-25W a total of 489.91 feet, more or less; thence running N63-56-30W 348.58 feet; thence turning and running N44-41-20E and along a curve with a radius of 3050.73 feet, a total of 1,098.41 feet; thence running S30-54-00E 224.61 feet, to the point of beginning.

Also another parcel bounded and described as follows:

Beginning at a point on Boston-Providence Highway (Route 1); thence S23-17-20E 136.11 feet; thence running in a Southwesterly direction along land of The Home Building Co., Inc., a total of 349.43 feet to Coney Street; thence turning and running in a Southerly direction along Coney Street to land marking the present limited manufacturing zoning line; thence running Northeasterly along the present limited manufacturing zoning line a distance of 470.00 feet, more or less; thence running Northwesterly along the present limited manufacturing line a distance of 150 feet, more or less; thence Southerly along Route 1 to the point of beginning 30 feet, more or less.

Vote: YES—112; NO—23.

ARTICLE 11.—It was *voted*: That *No Action* be taken on this Article to see if the Town will vote to authorize the Selectmen to abandon or cause to be abandoned that portion of Coney Street beginning at Pleasant Street and running in a southerly direction on said Coney Street approximately 1523 feet.

ARTICLE 12.—It was *voted*: That the Town raise and appropriate by transfer from Budget Line Item So. 131—SCHOOL ADMINISTRATION EXPENSES—the sum of Ten Thousand Dollars (\$10,000) for the School Department to defray the fees and expenses incurred in evaluating solutions to the space requirements at the Walpole Senior High School and the space requirements for mandatory kindergartens.

There being no further business to come before this meeting, it was moved, seconded and *voted* that this Special Town Meeting be dissolved. The Moderator so declared at 11:24 P.M.

127 RTM Members present.

School Lunch Study Report

SUMMARY AND RECOMMENDATIONS

Under Article 2 of the 1970 Annual Town Meeting it was voted that a committee of five (5) interested citizens be appointed by the Moderator from the Voter Registration List to study the present School Cafeteria Program. The impetus for such action appeared to be the necessary appropriation of Town funds to continue to subsidize the School Lunch Program. In 1970 for the first time this program's operations received consideration independently of the remaining school budget.

The five committee members appointed under Article 2 were: Mr. John Farrell, Plimpton Street; Mrs. Doris Perkins, North Street Circle; Mrs. Barbara Angus, Old Post Road; Mr. James Clarke, Sandra Road; Mr. Paul Rusconi, Smith Avenue.

In order to adequately fulfill the duties and responsibilities of the committee and most important, to assist it in evaluating the present School Lunch Program, the committee's actions included the following:

1. Numerous committee meetings throughout 1970 with the school lunch administrator as a member ex-officio.
2. Numerous group and individual visits to the school lunch facilities within Walpole and some surrounding areas, to observe and compare student participation, equipment availability and utilization, employee functioning and scheduling, etc.
3. Two adequately advertised open meetings wherein we requested any interested citizen to come forth and express his views, opinions and suggestions on any facet of the School Lunch Program. It should be noted that the first such meeting was attended by an interested group of cafeteria workers and representative of the Council for the Aging. There was no interested or concerned individual or group in attendance at our second open meeting.
4. We reviewed the systems and procedures surrounding the purchasing function of the School Lunch Program.
5. We reviewed and observed the scheduling and utilization of labor resources of the School Lunch Program.
6. We reviewed the Report of the Massachusetts School Lunch Program Auditor and held discussions with personnel of the State School Lunch Services Department.
7. We sought to compare Walpole's School Lunch Program with that of surrounding areas—its menu, its operating costs, its student participation, etc.
8. We considered alternative avenues of operation which were open to the School Lunch Program under existing state laws.

This committee is very much appreciative to the school department, the school lunch administrator and the school cafeteria employees for the generous assistance and cooperation which they gave to us during the conduct of our study.

In summary, based on our extensive studies, reviews, observations and discussions with various school lunch officials and other personnel, this committee makes the following recommendation which it believes will strengthen in many

ways the operation of the School Lunch Program in the Town of Walpole. These recommendations are being offered in light of existing facilities; however, this committee, realizing the somewhat dubious future of some of the present physical facilities, believe that all the recommendations should be considered for action now with some caution being taken to preclude duplication in effort and expense in areas of physical facility improvement. *We recommend that:*

1. The school lunch administration in conjunction with the proper town officials actively work to seek and obtain reimbursement of town appropriated funds expended for labor equipment and other non-food expenses of the School Lunch Program under amendments effective December 1, 1970 to Chapter 871, Section 2 of Chapter 70 General Laws.
2. Revision and strengthening of procedures surrounding centralized purchasing from outside vendors to insure that the most needed items are obtained at the most opportune time at the best available price.
3. Sensible expansion of current menus be experimented with to offer and introduce a broader menu cycle within each school, to include the promotion of a soup and sandwich menu special.
4. Elimination of the sole soda machine in the system which is located at the West Junior High and preclusion of any further installation of soda dispensing machines within any school facilities.
5. Elimination of separate and/or special menus for non-student personnel which presently exist only at some facilities. This is not applicable to lunches which may be prepared for future participants under any programs for the elderly.
6. Elimination of labor costs of cafeteria positions utilized at some facilities solely to serve non-student personnel.
7. Encouragement of student participation in the planning, preparing, serving and other operational aspects of school lunch programs within each school under the supervision of cafeteria personnel to effect student interest and labor savings.
8. Retention of the current price structure for "Type A" meals—thirty cents (\$.30) for students and fifty cents (\$.50) for non-students.
9. An increase in all ice cream prices to ten cents (\$.10) and an increase of milk prices for students to four cents (\$.04) per carton.
10. Revision of total labor resources (through attrition where necessary) be made to encompass a more efficient employment of the work force to include:
 - a. A rescheduling and curtailment of the work force at East Junior, Old Post Road and Boyden Schools.
 - b. Elimination of one clerical position in the School Lunch Administration office.
11. Consideration be given to correcting and/or alleviating the following physical deficiencies noted in existing facilities:
 - a. Proper ventilation in the High and West Junior High Schools.
 - b. Modernization of the Bird and Stone lunch room facilities.
 - c. Adequate steam kettle facilities be provided for the Bird, Stone and High Schools.
 - d. Freezer space be expanded at the High School.

12. Careful consideration be given to the planning aspects of all future school lunch facilities to insure that the most workable, suitable and economical arrangements are settled upon.
13. Optimum utilization of government surplus commodities in the School Lunch Program.
14. Continuous art or drawing program efforts be utilized within each school to dress up the cafeterias in a manner which is conducive to emphasizing nutrition, table etiquette and socially acceptable behavior.
15. Revision of telephone service at each school lunch facility to utilize an extension versus a separate telephone arrangement. Institution of this type of service will reduce telephone costs an estimated \$1,000 per school year. The relatively minor program transactions do not warrant the present system.
16. *Encouragement of all concerned individuals to funnel their complaints, comments and suggestions concerning operation of the School Lunch Program directly to the office of the School Lunch Administrator. Lack of communication with the proper officials does not foster corrective measures or improvements.*

Vocational School Feasibility Report

AUTHORITY

This committee was formed in conformance with the vote of the Special Town Meeting of December 9, 1970. Members were appointed by the Moderator on December 21, 1970.

CHARGE

To study the feasibility of Walpole joining and planning in the establishment of a Regional Vocational Technical School.

MEETINGS

This committee has met constantly, has gathered information relative to such a school, and has studied it. We have met with the Planning Chairman of the Norfolk-Bristol County Regional Vocational Technical School. We have inquired with the Superintendent Director of the Blue Hills Regional and have also met with the Chairman of their school committee. Last but not least we have had an informal meeting with our own School Committee at which time we discussed this report and exchanged views relative to the future of education in Walpole.

FINDINGS

In our study this committee has found that each town in the proposed region has high school students who do not go on to further education and have not been trained for suitable employment. In addition, some potentially capable students are dropping out of school before graduation because they are unable to find a program to meet their needs and interests in an academic high school. Many of these have the aptitude, interest, and ability to learn the skills of a useful and highly remunerative vocation. It is these students who would benefit from vocational training.

We also find that it is neither fiscally prudent nor educationally sound for any of our towns individually to provide an extensive modern vocational high school curriculum. None of our towns could afford the facilities and personnel to provide adequate vocational-technical training for the comparatively small enrollment of any single town. Recognizing this problem, the state and federal governments have made provisions for a group of towns to pool their interests,

talents, and resources to provide broad vocational training on a regional basis. State and federal financial aid makes possible the planning, building, and operating of regional vocational schools with little additional tax burden on already "school swollen" local tax rates. With this financial assistance towns can fulfill their obligation to provide vocational-technical education for those young people who need it, in the most economical manner—via a regional vocational-technical school. Massachusetts is leading the country in developing the regional-vocational school concept. Nineteen such schools are now operating or under construction in the state. It is predicted that 30 of these schools will have been formed by 1975.

This committee has found that there is an urgent need and an even greater demand for this type of school in Walpole. The Blue Hills Regional Vocational Technical School in Canton has at least four applicants for every available seat. Southeastern Regional Vocational Technical School's Superintendent says he could double his 950 students if he had the space. Northern Metropolitan Regional Vocational Technical School opened in September with 850 students and another 1200 on the waiting list.

The U. S. Office of Education's studies have just revealed that 78 percent of all high school graduates never complete a four year college program. The State Department of Education has revealed that only about 7 percent of the entire secondary school population is enrolled in either a Regional or other Vocational school.

This committee points out these statistics to show the great disparity between the needs of students and what is actually available to them in general education today. Lest the reader judge the above statements to be based on opinion of a limited, biased or alarmist character, he should know that during the past year three major studies on occupational education in the Commonwealth of Massachusetts decisively concluded that 40 to 60 percent of our secondary students should be provided with occupational education during their high school careers. These studies were:

The Schaefer-Kaufman Report on Occupational Education (sponsored by the Massachusetts Advisory Council on Education) — *The MACE Report on Occupational Education* (a digest of, and commentary on, the Schaefer-Kaufman Report, summarized to include local recommendations) — *Publication M-O-V-E* (Massachusetts Opportunities in Vocational Education) a graphic and pictorial summary of vocational education in the Commonwealth today, with recommendations urging it to move rapidly toward the expansion of all occupational education.

Summarizing all three studies mentioned, the recommendations which they hold in common concur with those implied by the U. S. Department of Labor and Office of Education statistics. These recommendations are: That far too many secondary students in Massachusetts are enrolled in college preparatory programs. That the general course curricula in the high schools of today are not relevant to the specific occupational needs of the majority of our youth. The three forementioned studies have some brilliant and new innovations in education that are long overdue in our present school systems. These new concepts can be much more easily implemented if the participating schools are members of a regional district.

The cost of the school will be dependent on the number of students which are committed by each of the towns. The actual cost and amount of reimbursement are things which will be determined by the Planning Committee, but it would appear that a 50 to 65 percent reimbursement figure for construction cost to the Town of Walpole would be conservative. Operating costs are reimbursed 50 percent through Chapter 74 monies. Transportation is 100 percent reimbursed by the State. An additional 15 percent of Chapter 70 monies is also a bonus to communities who join a regional school.

The curriculum is again to be determined by the Planning Committee and finalized by the Regional School Committee. There should be, however, 15 to 20 different courses for both boys and girls. The curriculum will be designed to attract and satisfy the vocationally and technically oriented student. At the same

time it will be structured so that the student with learning problems who can benefit from a technical-vocational program will be able to do so. Provisions will be made for some students who are academically, socially, or physically disadvantaged or handicapped.

This committee conducted a survey for students and parents at the 7th and 8th grade levels with splendid cooperation from our Superintendent of Schools, Mr. Powers and Messrs. Smith and Camelio, Principals of our Junior High Schools. Of 869 surveys distributed, 415 were returned and 345 affirmative. This survey was to determine if interest exists in this type of education among the parents and students of our town. We feel that the 5 to 1 ratio of the returns of the survey prove our recommendations should be given favorable consideration.

RECOMMENDATION

It is the vote of this committee that Walpole appoint a committee of three re Article No. 3 on the Warrant of the Special Town Meeting to join the Norfolk-Bristol County Regional Vocational Technical School Planning Board or any other Planning Committee it deems advisable. The aforementioned Planning Board will comprise of the Towns of Norfolk, Wrentham, Medway, North Attleboro, Medfield, Millis, Franklin and Plainville.

It will be the duty of the Regional School District Planning Board to study the advisability of establishing a regional school district, its organization, operation and control, and of constructing, maintaining and operating a school to serve the needs of such a district, to estimate the construction and operating cost thereof; to investigate the methods of financing such a school or schools and any other matters pertaining to organization and operation of a Regional School District and to submit a report of its findings and recommendations to the towns.

CONCLUSION

The efforts of this committee are and have been solely directed toward the improvement of education for each and every student in Walpole.

Respectfully submitted,

VOCATIONAL TECHNICAL SCHOOL FEASIBILITY
STUDY COMMITTEE

MRS. ROBERT FLUCKIGER

LEROY M. CAHOON

RICHARD O. HARRISON, *Chairman*

Office Space Study Report

This committee was formed by a motion of the Board of Selectmen under Article 2 of the 1970 Annual Town Meeting Warrant. Five members were appointed by the Moderator.

The duties of this committee were *"to study space, land and needs of such space for town officials, committee rooms and hearing rooms, as well as space, land and needs of the School Department Administration and to bring such recommendations to the next Annual Town Meeting."*

This committee has met regularly on a monthly basis. The meetings for the most part have been in private residences due to the unavailability of space at the Town Hall. Additional meetings were held in the field investigating other town halls of towns the size of Walpole. The committee has researched Town Reports such as the Fiscal Study Committee, School Needs Committee, and Town Charter in addition to meeting with Mr. Manning, the Town Master Planner.

The town of Walpole has grown from a relatively small town of 10,000 people to an approximate 1971 population of 18,000. The 1963 Master Plan forecasts an increase in population to approximately 30,000 people. In the update of the Master Plan, now in progress, some adjustment of that figure would appear appropriate, but it seems that a figure of 25,000 by 1990 is not unreasonable. As the population increases, and demands for additional and improved services follow, the physical resources of the Town will have to be expanded to meet these requirements.

The anticipated expansion of population and thus town facilities clearly indicates a need for additional space, either in the form of an addition to the present structure or a completely new building. The total town administration center concept, housing town offices, police and fire departments, and the school administration in one location, is the best solution, but obviously the most expensive. The alternative of an addition to the present Town Hall is a second choice, but while reducing present expenditures, it leaves the possibility of further future expansion, or even the necessity of a new building, very much a question mark.

In examining space requirements we found that the various town departments operate independently of each other and that there is a lack of cooperation, coordination and even communication between various town committees, offices and departments. Space could be more efficiently used within the Town Hall if the recommendations of former committees such as Fiscal Study Committee Report and Future Needs Committee Report were incorporated.

The present Town Hall is soundly structured according to the building inspector and, this committee feels that renovations could be made throughout the Town Hall. There is inadequate space, however, for all town affairs, departments and meetings; the Town Accountant's and Treasurer's offices are located in leased space in the basement of the Walpole Cooperative Bank; the School Administration Office is located in the DPW area on Washington Street; the Police and Fire Departments are presently crowded into one building behind Town Hall and if the Town votes a permanent fire department, future requirements cannot be fully met by the existing facilities.

We recommend that a thorough study should be made of combining departments to alleviate such conditions that now exist in Town Hall before a new building or an addition or renovation to the present Town Hall be undertaken. Until there can be better coordination and cooperation between departments, the committee feels that the expense of a completely new town hall either on the existing site or on a new site is not in order at this time.

We recommend:

1. That the proposals of the Fiscal Study Committee Report be seriously considered and adopted.
2. That a central coordinating committee be formed to provide liaison between related town committees.
3. That a town Land Needs Committee be formed to handle town land needs for the future.

For the immediate future we recommend:

1. An architect be consulted for feasibility of renovations.
2. Renovation with rearrangement within the present Town Hall with the goal of better space utilization in mind.

Until the Town Hall can be made totally functional and laid out to provide for the efficient conduct of day-to-day business, it seems advisable to make better use, as a temporary solution, of the present available public facilities,—schools, Town Library and Blackburn Hall, to alleviate the pressing conditions at Town Hall.
